SSF00 Series Fiberglass Step Stands

This robust step stand boasts a duty rating of 375 pounds with stable locking spreaders that permanently stay open. The Model SSF02's heavy duty wide steps and broad top offer more foot space for comfortable use. The extra large feet are ideal for use on gratings. The deep treads in the steps and top provide slip resistance. Fiberglass rails are non-conductive for working near electricity.

Features

- Ability to stand on the top
- Designed for one person jobs
