

CARE INSTRUCTIONS

How to care for your item:

Spot clean with a damp white cloth, blot to remove excess water. Air dry.

Basis to keep filling materials evenly distributed to allow for even wear. Vacuum all

upholstery once a week with a brush attachment

feather/down cushion can be cleaned using a soft brush to clean the fabric. Keep

upholstery away from heat and moisture, and never expose upholstery to direct

sunlight as fading and discoloration may occur.

Professionally clean your upholstery once a year.
