

ASSEMBLY INSTRUCTION

GENERAL

Check the box contents. You should receive: a shade, finial, base and threaded pipe.

ASSEMBLY

1. Carefully layout all parts in a line on a smooth surface;
2. Place the base on a flat surface and screw the threaded pipe into the base;
3. Place the shade over the threaded pipe;
4. Secure the shade with the finial;
5. Install two bulbs. (E27 60W Max, Type "A", bulbs are not included)
6. Insert plug into wall receptacle.

CLEANING:

The stained glass has been protected with mineral oil as part of the finishing process. use a soft dry cloth to remove any excess oil.

TROUBLE SHOOTING:

1. If your lamp does not light, check plug at the outlet. Make sure the plug fully and properly inserted.
2. If the lamp does not light, unplug from the outlet, check the bulb for a broken filament. Replace the bulb if necessary. Plug in lamp and turn it on.

IMPORTANT SAFETY INSTRUCTIONS:

This portable lamp has a polarized plug (one blade is wider than the other) As a safety feature to reduce the risk of the electric shock. This plug will fit a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. if it still does not fit, contact a qualified electrician. Never use with an extension cord unless the plug can be fully inserted. Don't alter the plug. As with any electrical appliance, keep out of reach of children.
