

Large Capacity Gas Connector

with exclusive Pro-Coat® corrosion resistant coating

Built-In Port for PR Valve

reduces the number of connections required

Integrated Drain Valve

with independent, ¼ turn operation

Right-Sized Handles

color coded and great for tight installations

The hottest all-in-one kits for tankless water heater installations.

The best tankless water heater installations are not only easy to install, but have a clean, professional appearance. BrassCraft has everything you need in one box – including the gas connector and ball valve – our kits are **quick and easy to install.**

Ideal for Recessed and Cover Box Installations

Available in Sweat & Iron Pipe

One Kit. All the right connections.

In addition to delivering quality and efficiency, BrassCraft's Tankless Water Heater Installation Kits offer a wide range of features including:

- **One-Piece, Forged Brass Body** provides a higher quality installation with fewer connections
- **Full-Port Design** provides a full flow operation, no water way obstruction
- **Drain Valve with Safety Cap** allows for quick system diagnostic testing and maintenance
- **3/4" ID Coated Stainless Steel Gas Connector** a perfect fit for residential and commercial tankless water heaters
- **Proprietary Corrosion Resistant Coating** helps protect the stainless steel connector against deterioration and pin hole leaks from harsh household cleaning products
