

FT4Step Stools

ANSI Type II 225 lbs

The **Xtend+Climb® Ultralight FT4 Step Stool** is the lightest 4 step stool that you will encounter on the market. Designed for homeowners, The Ultralight FT series is crafted with high quality lightweight aluminum and features a clean design aesthetic to fit within a domestic setting. Along with its sleek profile, the **FT4** features a large top step which stands at 42 inches and a handle which gives the user a stable reach height that is equivalent to that of a 6.5 foot step ladder.

The **FT4** is our tallest of our Ultralight FT series making it perfect around the house. It's perfect to use in the laundry room to reach storage cabinets or kept in the main closet for a quick helping hand when changing a lightbulb or cleaning windows. Weighing at only 7 pounds, nearly every family member can carry this ladder, and when its not being used, it folds thin for storage and stays out of the way.

- Extra wide top step and safety bar for stability
- Ultralight and folds thin for portability and easy storage
- Great for multiple rooms around the house
- Sleek design with industrial grade aluminum for strength and quality
