## TWENTY-FIVE YEAR LIMITED WARRANTY

This product has been designed and manufactured under strict quality control procedures to insure your full enjoyment and continuing satisfaction. This warranty entitles the purchaser to the following protection:  
 Structural components are warranted to be free from defects in workmanship for a period of **TWENTY-FIVE (25) YEARS** from the date of purchase, subject however, to the limitations and restrictions hereinafter set forth.

1. Pool equipment and accessories including, but not limited to, filters, ladders, skimmers, vacuum kits and pool liners shall carry the warranty issued and provided by the manufacturer of the equipment, if any.
2. The manufacturer cannot be responsible for fading, discoloring, peeling, shattering or other problems which may result from ordinary use or misuse.
3. The manufacturer will endeavor in good faith to maintain a supply of replacement parts for this product. The manufacturer reserves the right to make substitutions. The manufacturer shall not be liable to supply parts that are out of production or unavailable.
4. The manufacturer is not responsible for structural damage caused by the formation of an ice or snow load, storm damage, acts of God, or damages caused by the improper installation of any accessory. A pool left standing without water is also exposed to potential severe wind damage. Such damage would not be covered under this warranty.
5. Should the use of any accessory or item such as, but not limited too, a salt water chlorination device be believed to be the cause or root of defect, this warranty shall be voided.
6. The manufacturer shall not be responsible for any labor required to remove or replace any component, nor shall the manufacturer be responsible for the cost of any water replacement and or any incidental or consequential costs or damages.
7. Failure of the purchaser to comply with the written instructions or with the care and maintenance requirements outlined in the instruction manual, or failure of the purchaser to allow the manufacturer's representative or dealer to inspect components claimed defective, shall render this warranty null and void, and all owners' warranty rights shall terminate. This warranty is null and void if alteration is made in the design, or unauthorized components are used.
8. To validate this warranty, this product must be registered with the manufacturer's Customer Service Department by providing all the information required on the attached card which must be mailed within Fifteen (15) days of installation or within six (6) months of purchase, whichever occurs earlier. All subsequent claims must be made in writing and must refer to the warranty registration number on the warranty.
9. No agent, dealer, salesman, or other individual is authorized to change or modify this warranty, and such changes or modifications will not be recognized by the manufacturer.
10. The manufacturer does not employ installers, and it is therefore the purchaser's obligation and duty to obtain qualified installers in order that this product be properly installed in accordance with the factory instruction manual.
11. All warranties contained herein apply only to the original owner and are not transferable.
12. The pool must be serviced in accordance with the instructions in the installation manual.
13. All Claims under this warranty must be directed to the Customer Service Department at the company's address. You must submit the following;

Four (4) photographs of the damaged or affected area.  
 Copy of original sales receipt  
 Written explanation of the problem  
 Copy of the Limited Warranty

After receipt of the above written notification, it maybe required for the components in question to be returned to the manufacturer. If so a return authorization will be issued and the component must be returned to the factory, freight prepaid, for inspection. The company will notify the purchaser of its determination regarding all claims presented under this warranty within 40 days of receipt of all required information and / or items.

**THIS LIMITED WARRANTY NOT VALID UNLESS ALL INFORMATION SPACES ARE COMPLETED  
 Complete and Mail**

14. If a filter, light or any other electrical device is added to this manufacturers pool, it is the responsibility of the purchaser to take all necessary precautions as set forth in the National Underwriters Electrical Code or Local Electrical Code. Failure to comply with this requirement may result in a dangerous or hazardous condition, and will void this warranty.
15. This limited warranty does not cover damage caused by misuse, negligence, act of God, failure to properly winterize, improper installation, vandalism, or commercial use.
16. Under no circumstances will the manufacturer issue a refund, or be responsible for installation costs of replaced or repaired components.
17. Should a component be found defective, the factory will return the replacement component to the purchaser, freight prepaid.
18. In the event there is a workmanship defect in the structural component within the duration of this warranty from the date of purchase, the manufacturer will replace or repair, **not install**, at its option, any such defective component in accordance with the following schedule and procedure.

**Percentage Of Retail Price To Be Discounted To The Original Purchaser**

First through Third Season	100%
Fourth Season	70%
Fifth Season	60%
Sixth Season	50%
Seventh Season through Eighth Season	40%
Ninth Season through Tenth Season	30%
Eleventh through Twelfth Season	25%
Thirteenth through Fifteenth Season	20%
Sixteenth through Twentieth Season	10%
Twenty-one through Twenty-five Season	5%

A season ends on December 31st of each calendar year.  
Any claim must be accompanied by dated proof of purchase.

The retail price shall be the manufacturer's suggested retail price effective at the time of replacement.

**SAFETY PRECAUTIONS; IMPORTANT - FOR YOUR HEALTH and SAFETY - PLEASE NOTE.**

**This swimming pool does not have sufficient depth for diving. Do not dive. Do not Jump. Do not allow others to dive or jump into this swimming pool. Diving is dangerous and can cause permanent physical injury or death. Supervise children at all times. Prevent accidents by prohibiting horseplay and unnecessary roughness in the pool or pool area.**

Proper warning signs are provided with your pool and must be displayed prominently.  
This warranty gives you specific legal rights. You also have an implied warranty right. In the event of a problem with warranty service or performance, you may be able to go to a Small Claims Court, a State Court, or a Federal District Court.

This warranty herein sets forth the entire liability against the manufacturer, and it shall not be liable for any other charges or incidental or consequential costs or damages incurred by the purchaser by reason of the occurrence of defects against which this warranty is made. This warranty hereby made is intended to be in lieu of any and all warranties expressed or implied, or merchantability or otherwise, and no other warranties are made or may be implied.

# TWENTY-FIVE YEAR - LINER WARRANTY

Swimline Corporation warrants this liner to be free of defects in our workmanship. Examine your liner carefully before installing. Handle your liner carefully during inspection and installation, as the manufacturer is not responsible for tears or punctures caused by improper handling. A 6" cove must be put inside around the wall to protect the liner from contacting the pool frame.

Swimline Corporation family pool liners are warranted free of defects in the seams for a period of twenty-five (25) seasons, from the date of purchase, on a prorated basis, each season to end December 31 of the calendar year. Replacement under the warranty is as follows:

First Season	no charge
Second Season	30%
Third Season	40%
Fourth Season	50%
Fifth Season	60%
Sixth Season	70%
Seventh Thru Fifteenth Season	80%
Sixteenth Thru Twenty-Fifth	90%

*Do not take your pool liner back to the dealer you purchased it from.  
Contact us directly at the following address:*

**Swimline Corp.  
191 Rodeo Drive  
Edgewood, New York 11717  
(631) 254-2155 x135 or [www.swimline.com](http://www.swimline.com)**

*It is expressly agreed that there are no warranties expressed or implied made by the dealer or Swimline Corporation except as stated above. Swimline Corporation will not be responsible for any labor charges, cost of lost water or chemicals, or any other damages that may occur therefrom. Any claim of defective workmanship or materials should be reported to the Customer Service Department as soon as possible. (This warranty is void against shrinkage if pool is emptied; the pool can be cleaned, no matter how dirty, with the proper filtration and water chemistry.)*

**Any return of merchandise under the terms of the warranty must be authorized in advance, and returned freight prepaid.**

**DO NOT DIVE INTO YOUR POOL!  
DIVING AND JUMPING IS STRICTLY FORBIDDEN AND CAN CAUSE INJURY & PARALYSIS.**

REV. 2011

**IMPORTANT:** For your health and safety, please note - this swimming pool does not have sufficient depth for diving. Do not dive. Do not allow others to dive into this swimming pool. Diving is dangerous. Prevent accidents by prohibiting horseplay and unnecessary roughness in the pool or the pool area.

# SWIMLINE

## ABOVE GROUND LINER INSTALLATION INSTRUCTIONS

### PREPARATION

1. Remove all the grass and roots within the pool area and 1 foot beyond. Grass and weeds can and will grow through the liner material and the damage is not covered by the warranty.
2. After surface has been leveled. Spread a 2" layer of mason sand over the entire bottom area of the pool within the confines of the wall. This protects the liner from the metal edges of the pool. Rake out smoothly and hand tamp to pack the sand. Do not use beach or play sand as it will not compact and will leave footprints. Use virgin material that does not contain seeds or spores.
3. Refer to Figure "A". Form a 6" X 6" earthen mound or cove by compacting the mason sand around the inside perimeter of the pool area. A preformed styrofoam cove can also be used in place of the earthen mound. *Note: Cover the screws on the wall joint with Duct Tape to protect liner from being punctured.*

4. Place the carton in the center of the pool.
5. Carefully open the carton. **Do not use a knife or any sharp instrument that will cut through the carton and damage the liner.**
6. Unfold the liner and spread it in the sun to warm up. The ideal temperature should be above 70 degrees Fahrenheit.
7. Arrange the liner so it is centered in the pool. The welded seams of the wall and floor must fall on the center of the cove. The floor seams should run straight and parallel to the side of the pool. On rectangular or octagon pools insure that corners line up correctly.
8. Inspect all seams to insure that they are not open and check the surfaces for any holes.
9. **Disregard the steps 10 through 12 if you have an overlap liner.**
10. The following steps are for Beaded Liners only.
11. Fasten a round liner in place by attaching the beaded section in four (4) locations, the 12, 3, 6 and 9 O'clock positions. See Figure "B". Similarly for a rectangular liner you would position the corners first and then the middle points between the each corner, on ovals, follow the instructions for a round liner and then fasten in the middle of each straight side.
12. Use masking or electrical tape to hold the bead in place if necessary. Now, from any two positions, work the bead into the track toward the center between them. Continue until you have all the bead attached to the bead receiver. If you do not install the liner in this manner, one of two situations will exist. Either you will have an excess of material (a flap) or a shortage on the circumference and you will not be able to stretch it enough to make it fit.

13. On overlap liners lift the sides of the liner and drape them over the pool wall.
14. Fasten the liner to the wall with plastic coping. Leave the liner loose fitting on the wall, **DO NOT** pull tight at this time. It may be necessary to fill a water bag and place it on one end of the pool; pull on the opposite end to stretch the floor across the bottom the pool area. Being folded up in the carton it may fall short. When the pool begins to fill the water bags become weightless and can be removed easily.
15. Start filling the pool with water. With about a 1/2 inch or so of water smooth out the wrinkles on the floor of the liner. A soft bristle broom will be helpful.

16. As the pool is filling remove the coping, one at a time, around the top edge and adjust the wall length by adding or removing material as necessary. This step applies to overlap liners only. Trapped air can form as water level is rising. This is normal. Beaded liners may want the use of a vacuum system. See notes below.
17. Do not cut out any opening in the wall for in-wall skimmers, returns, lighting fixtures, etc., until water is 3" below each of the respective openings.
18. Continue to fill pool until desired level is reached.

**19. ATTACH "DO NOT DIVE" STICKER TO YOUR LINER TWO INCHES ABOVE THE WATER LEVEL. IT MUST BE CLEARLY VISIBLE.**

### INFORMATIONAL NOTES

1. Slight wrinkles may appear and is not unnatural nor does it effect the warranty.
2. A vacuum system can help remove the air from behind the liner. Insert a vacuum cleaner hose through the skimmer hole. While vacuuming you should adjust the liner with short tugs to eliminate wrinkles.
3. **The liner is not a structural part of the pool. Its purpose and design is to form a water seal. Water pressure is held by the pool wall and frame and not by the liner. A properly installed liner must be supported by the ground, earthen cove and the pool wall. An improperly installed liner will not support the weight of the water, resulting in a blowout which is not covered by the warranty.**
4. Over stretching will void the warranty. Any excess stretching will shorten the useful life of the liner.
5. Your pool manufacturers installation instructions will be a very important source of additional information.

## FIVE YEAR LIMITED WARRANTY

Your ladder has been designed and manufactured under strict quality control procedures to insure your full enjoyment and continuing satisfaction. This warranty entitles the purchaser to the following protection. Structural components are warranted to be free from defects in workmanship for a period of **FIVE (5) YEARS** from the date of purchase.

In the event there is a workmanship defect in the structural components within a period of 5 years from the date of purchase, the manufacturer will replace or repair, at its option, any such defective components in accordance with the following schedule and procedure.

1. A season ends on December 31st of each calendar year. Any claim must be accompanied by dated proof of purchase.
2. All claims under this warranty must be directed to the Customer Service Department at the company's address. A "Return Authorization" will be issued within 20 days of receipt of notification in writing, that a claim is to be presented under this warranty. A component assumed to be defective must be returned to the factory with the defect clearly marked. The component must be clean and dry, packaged so as not to permit damage in transit, freight prepaid, and if found to be defective by the factory will be replaced or repaired in accordance with the percentage schedule. The company will notify the purchaser of its determination regarding all claims presented under this warranty within 40 days of receipt of the component, assumed to be defective by the purchaser.
3. The retail price shall be the manufacturer's suggested retail price effective at the time of replacement. Should a component be found defective, the factory will return the replacement component to the purchaser, freight prepaid. The manufacturer shall not be responsible for any labor required to remove or replace any component, nor shall the manufacturer be responsible for the cost of any water replacement and/or any incidental or consequential costs or damages.
4. The manufacturer will endeavor in good faith to maintain a supply of replacement parts for this ladder. The manufacturer reserves the right to make substitutions. The manufacturer shall not be liable to supply parts that are out of production or unavailable.
5. Failure of the purchaser to comply with the written instructions or with the care and maintenance requirements outlined in the instruction manual packaged with the ladder, or failure of the purchaser to allow the manufacturer's representative or dealer to inspect components claimed defective, shall render the limited warranty made hereunder null and void, and all owners' warranty rights shall terminate. This limited warranty is null and void if alteration is made in the design, or unauthorized components are used.
