Technical Information

All product dimensions are nominal.

Vanity type: Standard

Notes

Install this product according to the installation instructions.

The finished wall must be straight and plumb to ensure proper support of the vanity and alignment of the sink and door.

To properly support the weight of the vanity and sink, secure to stud framing or 2x6 bracing behind the finished wall.

Select 250 lb (113.4 kg) load bearing 5/16" lag bolts with a length to clear obstacles in the wall and 5/16" washers.
