

Stone Vents

Finally a Floor Vent Register cover that matches your tile floor perfectly.

Each Made2Match Vent Register is made from the specific floor tile model you've selected from the Home Depot and designed to lay flush with your floor.

Beautiful and durable, each vent comes complete with a sturdy steel back support and a separate diffuser (dampener) plate which allows you to control air flow.

Don't compromise your tile floor with unsightly metal and plastic registers. Finish your floor with Made2Match Flush Mount Vent Registers – the perfect finishing touch to your tile flooring!
