

## Window Air Conditioners

The Energy Star certified window-mounted room air conditioners are perfect for cooling your room. They are equipped with electronic controls and a LED display, as well as, a temperature sensing LCD remote control allowing you to conveniently see, set and maintain the temperature from across the room. Adjustable air flow direction allows you to easily control the direction of the cool air and helps to eliminate hot spots. Money saving features include sleep mode and a programmable 24-hour timer. Plus, quiet operation helps you get a good night's sleep.
