

Assembly Instructions

Dimensions

Width-34cm
 Depth-19.8cm
 Height-165cm
 Made in China

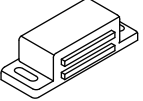

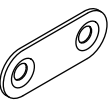

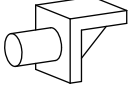

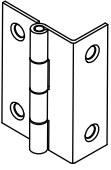

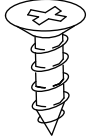

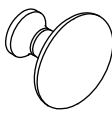

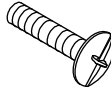

Note:Each "Cam Insert"(part B) has an arrow stamped on the top of the Cam at the end of one of the cuts to accept the screwdriver.

When you place the eight Cam inserts (B) into the holes on each panel,make sure the arrow is pointing toward the hole in the edge of the panel.This will allow the one inch threaded post (part A) to be inserted into the Cam insert correctly.

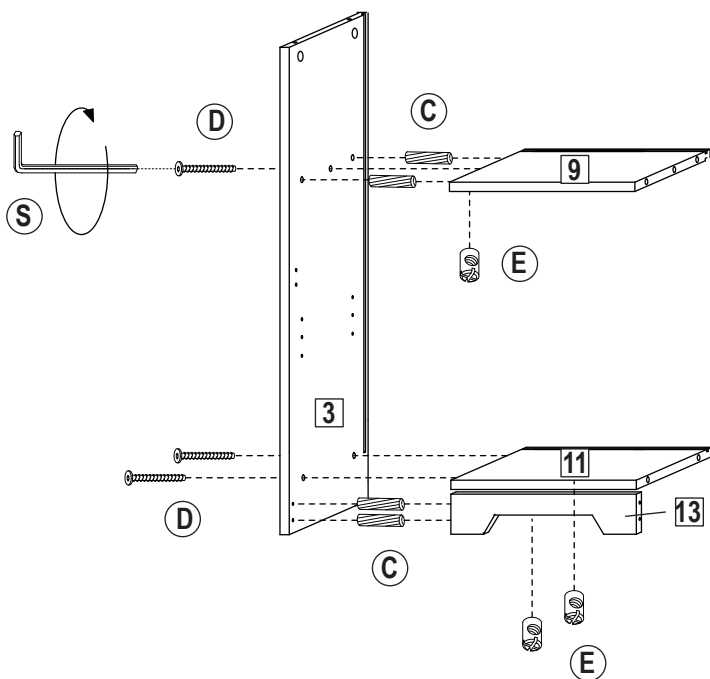

Turn each Cam insert clockwise with a screwdriver, normally about $\frac{1}{2}$ turn, to pull the panels together.
