

# Carlton® SUPERBLUE™ Hardshell Wiring Boxes

## The Pick of the Pros

SuperBlue combines the rigid feature of hardshell thermoset boxes, with the features of thermoform PVC style boxes, to create a new, non-metallic box.

**The  
STRONGEST  
Nonmetallic  
Wiring Box  
Ever!**

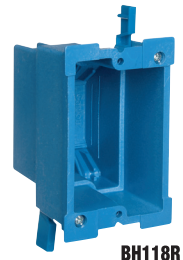

## Features and Benefits

- **Super Capacity** *Largest in its class*
- **Super Wall Construction** *Maintains its rigid shape*
- **Super Tuff** *Won't crack or break like other hard shell boxes*
- **Super Integral Cable Clamps** *Eliminates metal clamps & screws for easy installation*
- **Designed to nest inside each other** *Takes up less space on the shelf or in the truck*
- **2-Hour Fire Resistance** *Classified for fire resistance assemblies*

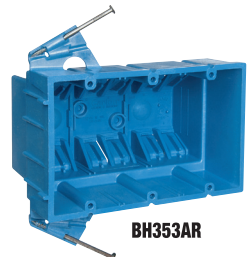

### Old Work

| SKU#   | Part Number | Description          | Cu. In. | Case Pack | UPC Code     |
