

The Power Gas 16L unit by Marey is the perfect solution for more than 2 points of use. This unit provides 33°F increase at 4.3 GPM.

No electrical connection required. Can last a lifetime, keeping up to 87% efficiency level.

Please consult temperature map for suggested points-of-use according to geographical area.

- The Power Gas 16L unit is recommended for multiple simultaneous points of use.
- **Endless hot water on demand:** Activated by water pressure (5 to 140 PSI) from the moment the faucet is opened.
- **Tankless water heaters save energy** because they use up to 80% less energy than conventional tank water heaters. As a result, they are cost effective and environmentally friendly.
- **No need for pre-heating:** instant hot water on demand.
- **Must be installed by a professional plumber or electrician** to ensure safety and quality.
