What Makes Hampton Forge Different?

Hampton Forge offers the best of traditional and contemporary styles, expressed in the spirit of artisans and silversmiths. We know what makes a pattern feel ever-relevant for years to come. We infuse professional heritage and quality in every cutlery set. With collections that embrace the aesthetics of diverse tastes, Hampton Forge brings style and function to kitchens and dining rooms everywhere.

Care Instructions

All stainless steel flatware is dishwasher safe.

Stainless steel provides the best protection against damage, but it will show signs of wear over time if washed in the dishwasher. To maintain the brilliant appearance of your new flatware, follow these simple tips:

Wash by hand with a non-abrasive sponge and mild detergent.

Do not use any detergent with lemon added as this may cause corrosion on stainless steel.

Do not leave flatware soaking in water for long periods of time.

Polish away stains using a stainless steel polish and soft cloth.

Dry with a clean, soft towel.

Perfectly Coordinated From Kitchen to Table

Hampton Forge also offers fine, professional quality cutlery. Designed with function in mind, Hampton Forge knives allow you to handle culinary tasks with ease.

Visit www.hamptonforge.com to explore our selection of high quality knives and exquisite flatware styles.

Limited Lifetime Warranty
