# Eave/Rake Starter Strip

**Pre-cut Eave/Rake Starter Strips Are One Of The Most Overlooked Parts Of A Roofing System!**

That's because some roofing contractors try to use a cut-up strip shingle as the "starter" course on your roof. Unfortunately, cut-up shingles may not have properly positioned adhesive to ensure adequate wind resistance. Using a pre-cut eave/rake starter strip will:

- Provide a cost-effective alternative to using cut-up shingles as your starter course
- Include a high-quality, properly positioned adhesive that will tightly lock your shingles in place to help prevent blow-off
- Be easy to use and install, with no cutting on the roof

WeatherBlocker™ Eave/Rake Starter Strip is a key part of the GAF Lifetime Roofing System\*, and has even earned the prestigious Good Housekeeping Seal (applicable in U.S. only; see reverse).

## Premium Eave/Rake Starter Strip

### Homeowner's Best Choice

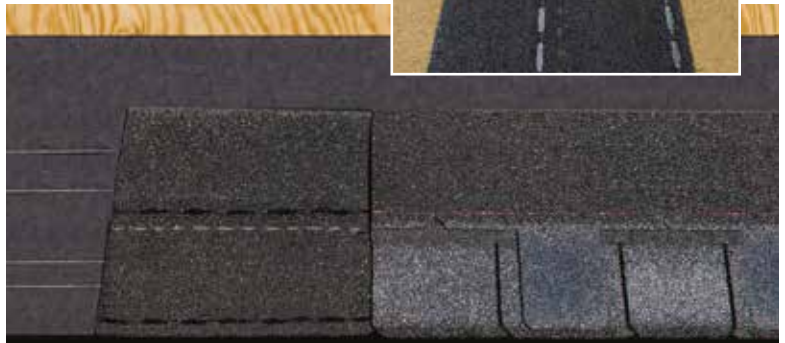

- **Looks Better...** Straighter roof edges and no messy black cement dripping onto your new white edge metal.
- **Excellent Performance...** Factory-applied Dura Grip™ Adhesive helps to lock down the roof edges at the eaves and rakes.
- **Peace Of Mind...** Using starter strips at the eaves and rakes helps to prevent shingle blow-off.
- **Enhanced Warranties...** GAF offers increased wind coverage on many shingles when you use GAF starter strips. They are also covered by up to a Lifetime Ltd. warranty when installed on Lifetime Shingle roofs.\*

### Professional's Best Choice

- **Saves You Time & Labor...** No more wasted time (or material) cutting your own starter strips—allows you to offer greater homeowner value.
- **Easier For Installers...** 42% more coverage per bundle (versus using strip shingles) means less to carry and handle on the roof.
- **Safer...** Perforated design eliminates cutting.
- **Environmentally Friendly...** Reduces landfill waste by eliminating shingle scraps.

**Use entire strip when a starter of 17" (432 mm) will meet your needs**

**When a starter of 8.5" (216 mm) will meet your needs, tear in half along perforation**

\*See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions. The word "Lifetime" refers to the length of coverage provided by the GAF Shingle & Accessory Ltd. Warranty and means as long as the original individual owner(s) of a single-family detached residence (or the second owner(s) in certain circumstances) owns the property where the shingles and accessories are installed. For owners/structures not meeting the above criteria, Lifetime coverage is not applicable. Lifetime Ltd. warranty on accessories requires the use of at least three qualifying GAF accessories and the use of Lifetime Shingles.

The GAF Lifetime Roofing System has earned the prestigious Good Housekeeping Seal, which means that Good Housekeeping stands behind the products in this system. (Refer to Good Housekeeping Magazine for its consumer protection policy. Applicable in U.S. only.)
