Classic II NEW

Traditional European Design

GROHE's Classic line has been a market standard for over 30 years. With the introduction of the new Classic II, the updated new design meets the needs of today's consumer. Continuous refinement of the design has resulted in a softer profile. With its gently arched spout and contemporary interpretation of the classic tri-spoke handle, Classic II kitchen faucets will enhance any kitchen interior scheme. Familiar yet modern, the line represents the perfect balance of technology, quality and timeless design.

Performance Features:

- The smooth, precise action of **GROHE SilkMove®** ceramic cartridge technology for lifelong, effortless water control
- Enhanced even further with **GROHE Whisper®** Technology – you won't hear anything but the water hitting the bottom of the sink
- **GROHE StarLight®** Technology for a deep, lustrous long lasting chrome finish
