<b>Interior Paint</b>	✓	✓	✓	✓	
<b>Exterior Paint</b>		✓			

\* Natural bristle brushes are recommended for use with oil-based coatings only.

**INTERIOR**

**Nylon/Polyester**

- All-purpose brush, ideal for interior painting
- Use with all paints & stains
- Excellent performance with drywall & cutting-in

**INTERIOR**

**Nylon**

- Provides a smooth finish, no brushmarks
- Ideal for fast-drying paints
- Perfect for trim & moulding

**EXTERIOR**

**Chinex®**

- Designed for exterior & high humidity applications
- Best for low VOCs, thick paints & stains
- Use on brick, stucco & textured surfaces

**STAINS**

**White Bristle**

- Use on woodwork or marine applications
- Best for oil-based paints, stains & polyurethanes

**No-Shed Woven**

Provides a smooth finish

Recommended for smooth to medium surfaces

Ideal for all paints, especially gloss or high sheen, including architectural & industrial coatings

**High Capacity Knit**

Fast coverage and shed-resistant

Recommended for semi-smooth to rough surfaces

Ideal for flat or low sheen paints, quick drying & deep colors
