Egg Chair FHEC100 Assembly Instructions

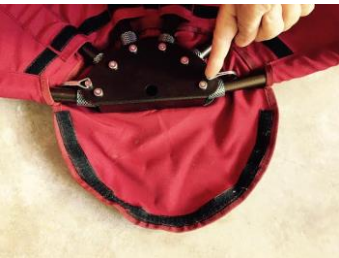

1. Open the package and unwrap the four short legs and put rubber feet on each of the four legs

2. Bolt the four legs to the X-frame base of the Egg Chair Stand

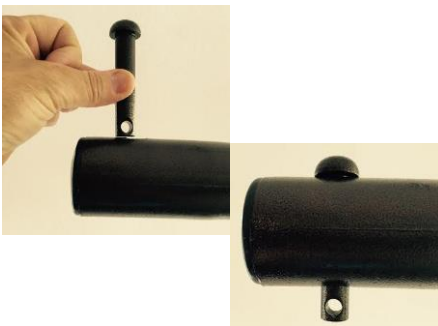

3. Put nuts and bolts in middle of C frame stand

4. Open egg chair frame completely and put the four catch pins in place

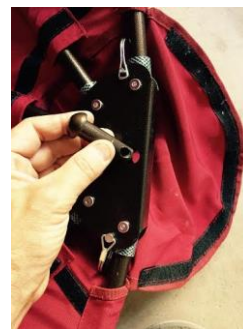

Make sure the flat tops are on the inside of the chair so they do not poke through the fabric or through the seat

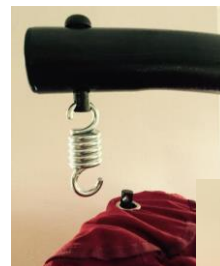

5. Put the longer of the two swivel pins in the top of the C frame stand

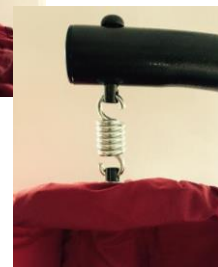

6. Attach seat spring to swivel pin

7. Put the shorter of the two swivel pins through the top of the chair and through the grommet

8. Then attach to spring on stand

9. Make sure all fasteners are tight in the seat frame is straight I just your pillows the way you like put in a good level location and enjoy your egg chair thank you for your business
