

## Murano Collection

The Murano Collection is a smart, elemental approach to creating livable outdoor spaces that suit your patio area - no matter the shape or size. Available in 6- and 9-piece sets, this modular seating Collection arrives in separate pieces that allow you to design and customize your space with the utmost flexibility. Position the set any way you want; each piece is designed to adapt to your style. Create a large sectional with all pieces or remove the corner pieces to make a straight couch. Utilize the end tables individually or push them together to make a larger coffee table. Each piece is constructed of heavy-duty steel frames that are finished with a weather-protective powder coat. Thick back and seat cushions are provided for each chair and coordinating accent pillows are included for additional flair.
