3" 4000 RPM Screwdriver & Attachment Kit

Extremely versatile auto-feed attachment for professionals driving a variety of screws in high speed applications. Drives screws from 1" - 3" in length at 4000 rpm. The high speed motor is ideal for high speed applications like subfloor, underlayment and drywall. The kit comes complete with our SG4100 screwgun, industrial grade DS320 attachment, extension pole with secondary handle, spare drive bits, and a storage bag.

Applications

Drywall (to wood or steel studs), subfloor, wood decking, composite decking, cement board, underlayment, sheathing to steel, metal framing, structural steel decking, rigid foam insulation

Features and Benefits

- Includes extension pole with adjustable handle for driving screws in a standing position
- Patent pending corner-fit feed system
- Patented sliding rail
- Clip free high strength bits
- High speed 4000 rpm motor
- Precise depth-of-drive adjustment with depth lock
- Rugged storage bag fits fully assembled kit
- Quick release for easy bit access
- Senco's limited one-year warranty

Specifications

Item #: 6W0011N
RPM: 0-4000
Torque: 82 inlb
Amp draw: 6.4
Weight: 6.5 lbs. (2.95 kg)
Height: 8.0" (203 mm)
Length: 20.5" (521 mm)
with extension pole: . . 39.0" (990 mm)
Width: 2.75" (70 mm)

Fastener Specifications

Screw Lengths 1" - 3" (25 mm - 76 mm)
Screw Diameters. #6 - #12
Screw Type Phillips, Square and
Rex drive
