- Pair with light to medium weight curtains
- Use in bedroom or living room

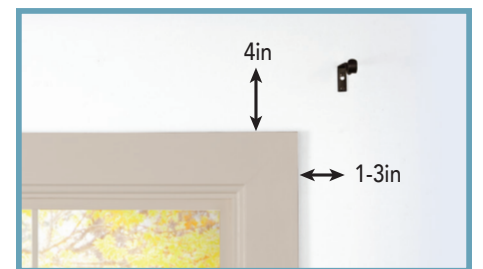

1/2 INCH PETITE CAFÉ CURTAIN ROD

- Use on smaller sized windows
- Pair with lightweight curtains, sheers, or valances
- Use in kitchen or bathroom

WINDOW TIPS

- Measure the width of the window area you would like to cover from bracket to bracket
- For proper fullness, use curtain pair widths that are approximately one and a half times to double the width of the window area
- Brackets are generally mounted 4 inches above the window casing and 1-3 inches out from either side of the window trim
- To make window appear larger, install brackets 6 inches above the window frame and 6 inches from the side of the window

ADDITIONAL FEATURES TO LOOK FOR:

EASY INSTALLATION

- Fast Fit™ brackets are as easy to hang as a picture frame
- Brackets securely support up to 25 pounds

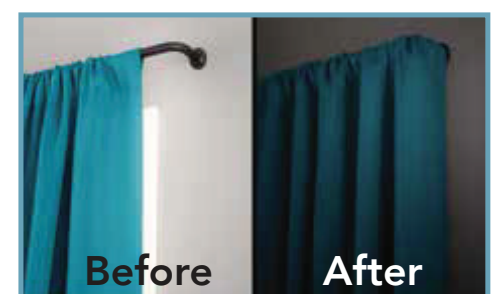

NO TOOLS

- Twist & Fit™ combines the functionality of a tension rod with the decorative style of a traditional curtain rod
- Installs inside the window frame
- Holds up to 25 pounds

ROOM DARKENING

- Wrap around feature mitigates window sidelight, reduces outside noises and drafts, and enhances privacy
- Pair with Room Darkening curtains for maximum efficiency

DOUBLE CURTAIN RODS

- Perfect for creating a layered look
- Pair curtains with sheers
- Energy efficient

OUTDOOR CURTAIN RODS

- Rust resistant coating protects rods from the elements
- Brackets designed for ceiling or wall mounting
