PRODUCT NAME: 10ft. Paper-Faced Vinyl Outside Corner Bead

USAGE GUIDE:

Phillips kwikSTIK® P1 Super Wide outside corner bead features wider flanges for more complete coverage. No edge cracking. No nail pops with tape-on products. No fasteners or nails needed for installation with tape-on products. Dimpled to help drying and serve as mud anchors. Proprietary paper composition promotes high wet and tear strength. Cuts down finishing time and requires less joint compound

Some of the most common applications of kwikSTIK 10ft. Paper-Faced Vinyl Outside Corner Bead include:

- Room Corners
- Drywall Applications
- Veneer Applications
- Drywall Trim Accessories
