Oxy-Acetylene cutting, welding and brazing outfit

Contains all the quality equipment needed for cutting, welding and brazing in a rugged bag. The outfit is designed to work with one CGA 510 acetylene cylinder and one CGA 540 oxygen cylinder. As supplied the outfit is capable of cutting 1" and welding to 1/16". Can cut to 4" and weld to 1/2" with larger tips and acetylene cylinder.

FEATURES

- Rugged, washable bag.
- Brass torch handle includes built-in reverse flow check valves.
- Cutting attachment includes solid forged brass head, tail and stainless steel tubes.
- Regulators feature a rugged brass body.
- Easy-to-read dual scale gauges.
