

## Product Description

Revitalizing blend of food grade mineral oil, beeswax, and carnauba wax that helps maintain wood surfaces. Safe for all wood surfaces that come in contact with food, including: butcher block countertops, cutting boards, wooden bowls and utensils. For large wood surfaces, make sure to properly season them with Howard Cutting Board Oil before maintaining them with Butcher Block Conditioner. Contains food-grade mineral oil stabilized with Vitamin E because mineral oil will never go rancid like plant based oils do.

## Features

- Can be buffed with a soft cloth to achieve a natural looking satin finish
- Helps prevent drying and cracking of wood surfaces, including bamboo
- Exceeds U.S. FDA regulations for direct and indirect contact with food
- Reapply whenever the wood looks or feels dry

## Product Specifications

## Surface Preparation

Make sure the surface is free of dust, dirt, grime, and other contamination.

## Application

Shake well before using. Apply Butcher Block Conditioner with a clean soft cloth. Let the conditioner soak in for at least 20 minutes. Wipe off any excess and buff the wood to a nice sheen. Apply additional coats whenever the wood looks or feels dry. The longer you use Butcher Block Conditioner, the better conditioned the

wood will become and fewer applications will be necessary.

## Thinning

Apply at bottle consistency.

## Precautions

Always test in an inconspicuous area to check results. For additional safety information, consult the Safety Data Sheet for this product.

## Proper Disposal

For proper disposal of excess material, please contact your local city or county waste management agency.
