

GLP-1S
1 STEP
FOLDING
PLASTIC STOOL

EXCLUSIVELY AT

KEEP IT HANDY

The Gorilla 1 Step is a necessity in any kitchen, bathroom, or pantry. The soft tread provides comfort for feet. The stool is equipped with an indent to allow for hanging on the back of a cabinet door. With a slim fold design measured at 1 in. deep, the Gorilla 1 Step is practically invisible in small spaces, and will become the go-to for the quick, everyday uses.

COMFORT

Soft non-slip tread and step provides ideal foot base

STRENGTH

Big capabilities come in little packages. Our 1 Step plastic stool has a 300lb weight capacity, making it ideal for quick reaches.

"They're the right height to give me a little extra reach I need! It folds down to an incredibly thin storage width, sets up in seconds, and supports up to 300 pound loads."

-Gwen R.
