

MODEL SE80T L (with Light & Night Light)

Ultra Silent, High Performance, Attractive Design Grille

Description

SE80T L ventilation fan is a ceiling mount exhaust fan capable of exhausting air quietly and efficiently. **STERLING** SE series exhaust fans are HVI and ENERGY STAR certified. The fan features a capacitor start motor, which is known for its high efficiency and long lasting reliability.

SE80T L holds an ETL evaluation and conforms to UL and cUL safety standards. This fan has a unique *plug and play concept* that allows you to add a humidity sensor as an accessory without dismantling the fan.

Housing

Made of rugged 26 GA galvanized steel with 4 point mounting capability.
Detachable 4 inch and 6 inch polymeric resin collar, which includes a light weight built-in back draft damper.
Double hanger bar mounting brackets that are adjustable up to 24 inch span allows for ideal positioning.

Motor/Blower

Plug in permanently lubricated motor- Engineered for continuous operation.
The motor is energy efficient and surpasses the minimum ENERGY STAR requirements for continuous duty operation.
Power rating should be 120 volts and 60 Hz
SE80T L ventilation fan is ETL and cETL listed for tub/shower enclosure when used with a GFCI branch circuit.
Motor comes with a built in overload disconnect for safety and longer motor life.
The fan operates at lower RPM's to give you quieter operation.

Light Grille

The Premium grille is low profile that has elegance and still able to maintain its simplicity.
Made of a rugged polymeric resin that's known for its long life durability.
Comes with torsion spring clips that helps mount the grille evenly.
Light Kit includes GU 24 socket and E12 4Watt Night Light. - Bulbs are not Included-

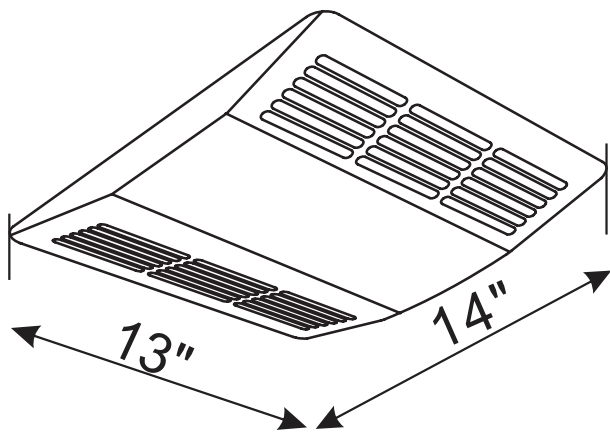

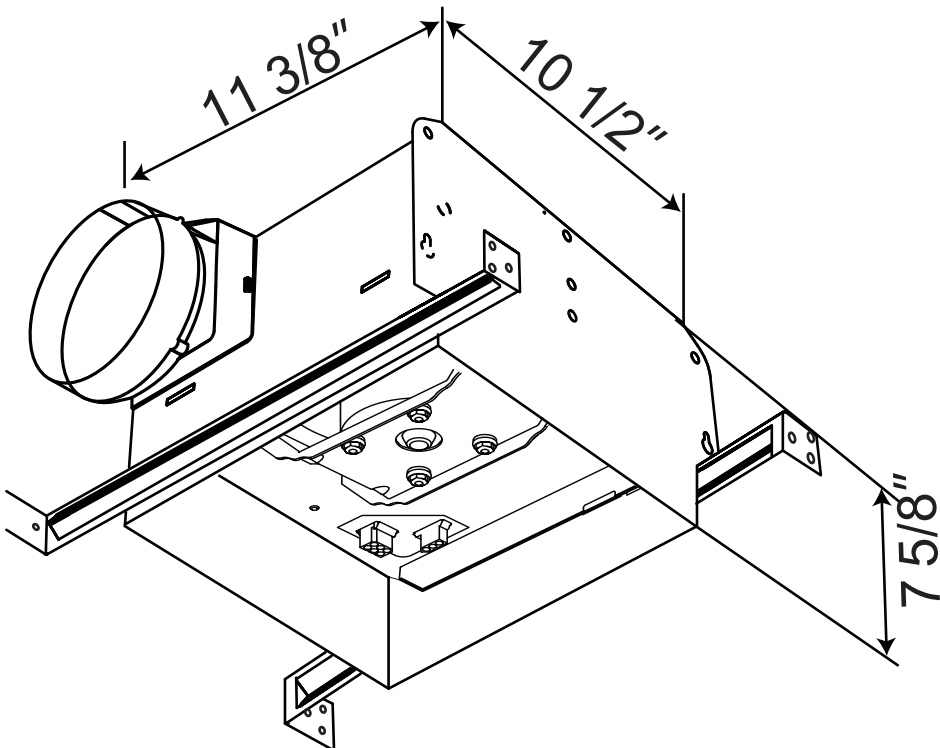

Typical specification

Air and sound delivery meets the HVI certified ratings as per the fan curves attached.

STERLING ventilators come with permanent split capacitor motor which improves efficiency this is why it has qualified to carry the ENERGY STAR label.

Model Number	SE80T L	
Static Pressure in inches w.g.	0. 1	0. 25
Air Volume (CFM)	80	58
Noise (sones) 6" / 4" Duct	0.3 / 0.4	N/A
Fan Watts	25W	
Duct Diameter	4" and 6"	
Power Rating (V/Hz)	120/ 60
