

Assembly

1 Assembling the wheel

- Identify all parts packed in the carton against the parts list. Remove all protective materials. Set the parts on a flat, non-abrasive surface.
- **Do not attempt assembly if any parts are missing or damaged.**
- Add a flat plastic washer (AA) to the wheel (B) axle bolt as shown in the diagram. Insert the wheel (B) into threaded hole at the bottom of the chaise lounge rear leg (A) as shown in the diagram. Use the hex wrench (BB) to tighten the axle of the wheel (B).
- Repeat on the opposite side.
