

## Product Warranty

Congratulations on your ownership of a unique TashMart vessel sink. Feel free to contact us at 713-510-4888 if you have any questions about your sink.

### Limited Warranty 1-year Warranty

TashMart offers a 1-year limited warranty. Please contact TashMart at 713-510-4888 for any warranty questions.

TashMart will warrant your stone sink from any manufacturing or installation defect during the first 1st years after delivery, except for damage due to chemical or physical misuse, limited to indoor residential installations only. TashMart liability is limited to the repair or replacement of the defective piece only, subject to the availability of the sink. If the sink is no longer available, liability is limited to the cash value of the sink if we determine that a satisfactory repair cannot be made. This warranty also does not cover natural characteristics of natural stone such as color variation, surface marks, fissures, pin holes, resin imperfections such as haze or dimples, or natural aging. Nor does it cover damage caused by items out of our control such as staining, fire or acts of nature.
