Customer Service
LIMITED WARRANTY

Global Quality Brands® warrants this product to be free from defects in workmanship and materials under normal use and conditions for a period of 90 DAYS FROM THE DATE OF ORIGINAL PURCHASE. This Limited Warranty is not transferable and is available only for the original purchaser of the Product. The Company’s obligation under this warranty is limited to replacing or repairing the Product, at the discretion of the company.

All warranty coverage extends only to the original retail purchaser from the date of purchase, GQ Brands obligation under this warranty is limited to replacing or repairing, at Global Quality Brands® option. All products for which a warranty claim is made must be received by Global Quality Brands® and accompanied by sufficient proof of purchase (photocopy of the original store receipt, indicating the date of purchase). All freight and handling fees are the responsibility of the consumer to pay, both to and from Global Quality Brands®. All warranty claims must be preauthorized by Global Quality Brands® pre-authorization can be obtained by calling 866-498-5269.

This warranty does not cover ordinary wear and tear, weathering, failure to follow directions, improper installation, improper maintenance, or acts of nature, (such as damage caused by wind, lightning, snow, water, or ice) weather damage, damage caused by unauthorized repair work or damage caused by improper use of the products are not covered by the product warranty. No other warranty beyond that specifically set forth above is authorized by GQBrands®.

GLOBAL QUALITY BRANDS® IS NOT RESPONSIBLE OR LIABLE FOR INDIRECT, SPECIAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF OR IN CONNECTION WITH THE USE OR PERFORMANCE OF THE PRODUCT OR OTHER DAMAGES WITH RESPECT TO ANY ECONOMIC LOSS, LOSS OF PROPERTY, LOSS OF REVENUE OR PROFITS, LOSS OF ENJOYMENT OR USE, COST OF REMOVAL, INSTALLATION OR OTHER CONSEQUENTIAL DAMAGES. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES. ACCORDINGLY, THE ABOVE LIMITATION MAY NOT APPLY TO YOU. THE WARRANTY EXTENDED HEREUNDER IS IN LIEU OF ALL OTHER WARRANTIES AND GLOBAL QUALITY BRANDS®, SPECIFICALLY DISCLAIMS ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE IS LIMITED IN ITS SCOPE AND DURATION TO THE TERMS SET FORTH HEREIN. SOME STATES DO NOT ALLOW LIMITATION ON HOW LONG AN IMPLIED WARRANTY LASTS. ACCORDINGLY, THE ABOVE LIMITATION MAY NO APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS. YOU MAY ALSO HAVE OTHER RIGHTS, WHICH VARY FROM STATE TO STATE.

WHILE EVERY ATTEMPT IS MADE TO ENSURE THE HIGHEST DEGREE OF PROTECTION IN ALL EQUIPMENT, WE CANNOT GUARANTEE FREEDOM OF INJURY. THE USER ASSUMES ALL RISK OF INJURY DUE TO USE. ALL MERCHANDISE IS SOLD ON THIS CONDITION, WHICH NO REPRESENTATIVE OF GQ BRANDS® CAN WAIVE OR CHANGE.
WARNINGS

IMPORTANT MESSAGE

WARNING - PLEASE READ

ADULT ASSEMBLY REQUIRED
CHOKING HAZARD - Small Parts
NOT for children under 3 years of age.

WARNING:

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risks of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.
• This unit must be assembled and disassembled by ADULTS ONLY.

• This Wavy Slide is suitable for use by most children 4 to 10 years of age.

• Never use this product in any manner other than its intended use.

• DO NOT exceed the maximum weight limit of 75lbs (34kgs) regardless of age.

• This unit has a maximum fall weight maximum fall height of 43.5”

• DO NOT install this equipment over concrete, asphalt, or any other hard or rough surface. The Wavy Slide should always be installed over an appropriate, stable surface (rubber mat, grass, etc). It is recommended that whenever possible the ground anchors are used and firmly inserted into the ground.

• ALWAYS locate this equipment on a stable, level surface AT LEAST 7 feet away from any structure, obstruction, or possible hazard(s) such as walls, pools, power lines, overhangs, other playground equipment, driveways, hard surfaces and/or roadways.

• Children must be supervised at all times when using this equipment. DO NOT leave children unattended at any time.

• DO NOT attach items to the Wavy Slide not specifically designed for this purpose. Especially in the case of jump ropes, chains, clotheslines, pet leashes and cables. These may cause a strangulation or physical hazard.

• This Wavy Slide is NOT for adult or adolescent use.

• This Wavy Slide is only designed for family residential use. It is NOT intended for commercial applications and/or use in public areas such as schools, parks, nurseries, day schools, day cares, etc. DO NOT allow more than one child on the Wavy Slide and Ladder at a time.

• Instruct children to always be sure that the chute opening at the bottom is clear of any persons, pets or obstructions before sliding.

• DO NOT allow children to wear loose fitting clothing, clothing with straps/loops, backpacks or wear and/or hold accessories with straps or loops, or any article of clothing or accessory with sharp edges which may present a hazard or become snagged or caught on the Wavy Slide during use. Serious injury and/or accidental strangulation may occur.

• DO NOT place objects on or under the slide, or allow people and pets to stand or sit on, near or under the Wavy Slide and Ladder when in use.

• DO NOT allow children to stand on the slide, attempt to walk up the slide or hang from the steel tubing – this can cause serious injury. Children must ALWAYS remain securely seated, in the forward facing position when sliding. Do not lay down, slide from a standing position, or slide down the chute back-wards. DO NOT allow children to stand on the slide top.

• DO NOT use in adverse weather conditions, while the seats are wet, or in poorly lit conditions.

• ALWAYS secure the Wavy Slide against unauthorized and unsupervised use. ALWAYS wear the appropriate footwear (i.e. closed toe shoes) when using the Wavy Slide.

• It is recommended that children wear long pants when using this slide to prevent friction of skin against the chute.

• Before each use of this product and twice per month, inspect and re-place any worn, loose, defective or missing parts and/or bolts. It is important to check the entire Wavy Slide to ensure the Chute, Frame Tubing, Anchors, Protective Coverings and Ladder are steady and all parts and tubing caps are attached in good condition. If any loose, cracked, missing, or otherwise damaged components are found, cease use of this item immediately. Check metal parts for rust. If rust is found, sand and repaint using a non-lead based paint. If removed for winter storage, reinstall any plastic parts before allowing use. Rake and check depth of loose fill protective surfacing materials and replace if necessary.

• At the end of the play season or when the temperature drops below 40 degrees F, this unit must be stored indoors, or disassembled and stored inside.

• Owners shall be responsible for maintaining the legibility of the warning labels.

• Do not install home playground equipment over concrete, asphalt, or any other hard surface. A fall onto a hard surface can result in serious injury to the equipment user. Grass and dirt are not considered protective surfacing because wear and environmental factors can reduce their shock absorbing effectiveness. Carpeting and thin mats are generally not adequate protective surfacing. Ground level equipment—such as a sandbox, activity wall, playhouse or other equipment that has no elevated play surface—does not need any protective surfacing.

• Maintain a minimum depth of 9 inches of loose-fill materials such as wood mulch/chips, engineered wood fiber (EWF), or shredded/recycled rubber mulch for equipment up to 8 feet high; and 9 inches of sand or pea gravel for equipment up to 5 feet high.

• Use a minimum of 6 inches of protective surfacing for play equipment less than 4 feet in height. If maintained properly, this should be adequate. (At depths less than 6 inches, the protective material is too easily displaced or compacted.)

• Use containment, such as digging out around the perimeter and/or lining the perimeter with landscape edging. Don’t forget to account for water drainage.

• Check and maintain the depth of the loose-fill surfacing material. To maintain the right amount of loose-fill materials, mark the correct level on play equipment support posts. That way you can easily see when to replenish and/or redistribute the surfacing.

• Do not install loose fill surfacing over hard surfaces such as concrete or asphalt.

• Please read and refer to other warnings and use information in the Wavy Slide instructions before use.
When you are ready to start, make sure that you have the correct tools at hand, and adequate space for assembly. Please refer to the table for part descriptions and numbers. The assembly instruction uses these descriptions and numbers as reference. Make sure you have all parts listed.

**IMPORTANT:** USE GLOVES TO PROTECT AGAINST PINCH POINTS DURING ASSEMBLY.

Tools Required: 1. Phillips Head Screwdriver, 2. Spanner Wrench (Part N, included)

Note: As the 30mm Bolt (1 PC), 35mm Bolts (5 PCS, used to assemble frame) and the 40mm Step Bolts (6 PCS, used to assemble ladder steps) are very similar in size, it is recommended that you identify and keep these bolts separate during assembly to ensure you are using the correct part for the corresponding assembly step.

Enclosed are the current specifications and product features available at time of printing, however, changes may be made in equipment, availability, specifications and features without notice.

![Part Diagrams]
ASSEMBLY INSTRUCTIONS

STEP 1:

A. Insert a M6 Square Washer (S) into each slotted receptacle in the bottom of the 3x Ladder Steps (H).

B. Assemble the steps to the Lower Handrail Tubes (L).

NOTE:
During this assembly step, ensure that the Ladder Steps (H) are oriented correctly, so they will be horizontal when the ladder is assembled. See below diagram before continuing:

C. Next, slide the bottom two steps onto the Lower Handrail Tube (Lower Portion has Rounded Metal Attachment Plates as shown above) from the top of these pieces, until they line up with the holes in the Lower Handrail Tubes (L). For ease of assembly, slide each Step onto both the Lower Handrail Tubes (L) at the same time. Secure the two lower steps using 4x 40mm Step Bolts (S).

D. Secure the Upper and Lower Handrail Tubes (L) together with the top Ladder Step (H) in place. First, slide the final (Top) step up onto the base of the curved Upper Handrail Tubes and then join the Handrail Tube sections together. Slide the Top Step down so it is lined up with the holes in the top and bottom Handrail Tubes. Secure this assembly with 2x 40mm Step Bolts (S).

NOTE:
Ensure all bolts are fully tightened and flush to the tubing before continuing.
STEP 2:
Attach the Ladder Stabilizer Bar (I) to the lower ends of each Handrail Tube (L) as shown below.

**NOTE:**
Ensure all bolts are fully tightened and flush to the tubing before continuing.

STEP 3:
A. Place the Slide Chute (J) onto the Assembled Ladder Frame by angling the Handrail Tube tops so the chute will slide onto the Ladder frame. Slowly push the Slide Chute (J) down while raising the frame bottom until the Chute is completely on the Ladder Frame.

B. Secure the Slide Chute (J) to the Ladder Frame using 2x 35mm Bolts (B), 2x Washers (D), 2x Spring Washers (E), and 2x Dome Nuts (F).

**NOTE:**
Ensure all bolts are fully tightened and flush to the tubing before continuing.
STEP 4:
A. Secure the Tie Bars together using 1x 25mm Bolt (C), 1x Washer (D), 1x Spring Washer, and 1x Dome Nut (F).

B. Attach the Base Tie Bar (Chute) (K), to the Chute Bottom Support Tube (P) using 1x 30mm Bolt (A), 1x Washer (D), 1x Spring Washer (E), and 1x Dome Nut (F).

C. Next, attach the Base Tie Bar (Ladder) (G), to the Ladder Stabilizer Bar (I) using 1x 35mm Bolt (B), 1x Washer (D), 1x Spring Washer (E), and 1x Dome Nut (F).

NOTE:
Ensure all bolts are fully tightened and flush to the tubing before continuing.
ASSEMBLY INSTRUCTIONS

STEP 5:
Slide the Assembled Chute Bottom Support Tube (P) / Base Tie Bar (Chute) (K) up into the bottom of the Slide Chute (J), so the holes in the ends of the tube are lined up to the holes in the chute. Secure this assembly with the 2x 15mm Bolts (T).

NOTE:
Ensure all bolts are fully tightened and flush to the tubing before continuing.

STEP 6:
Before placing your slide in the play area, please ensure you read the section on the following page. Secure each side of the Ladder Stabilizer Bar (I) securely to the ground using the 2x Ground Anchors (O) as shown below. Ensure that the anchors are inserted into suitable ground and do not come loose easily before allowing use of the Wavy Slide.
CARE & MAINTENANCE

• If any part of the slide requires cleaning, simply wipe with a damp cloth.
• Regularly check to see if slide chute, steel tubes, steps, ground anchors and other parts are tightened and completely secure.
• Replace worn & damaged parts when if found and if necessary, secure from use until replacement parts can be obtained.
• If the paint is chipped, we recommend you lightly rub the damaged area and cover using a non-toxic enamel paint.

• IMPORTANT: While no regular maintenance is required, you must inspect the slide before each use and replace any worn, defective, or missing parts. The following conditions could represent potential hazards: Missing, improperly positioned, or insecurely attached ground anchors or slide chute, Missing, improperly secured or damaged ladder steps, A bent or broken frame, and/or Bent or buckled Stabilizer or Tie Bars. Cease using slide immediately and secure it against unauthorized use if any of these conditions are present.

FREQUENTLY ASKED QUESTIONS

• Question: “How should I clean my slide?”
  Answer: You should clean the slide with a solution of warm water and Non-Corrosive/Abrasive soap. Dampen a rag with this solution and wipe completely dry before using.

• Question: “Is there any maintenance I need to do for my slide?”
  Answer: You should always double check to make sure all your bolts are tight and secure, and that the ground anchors are present and securely in place before use.

• Question: “A step seems loose, what should I do?”
  Answer: Make sure the bolts under the plastic steps are secure.

• Question: “Something was missing from the packaging,” “I need to purchase a replacement part” or “I discovered a damaged piece. What should I do?”
  Answer: Contact customer service at CustomerService@GQBrands.com.
  You must have proof of purchase and/or order confirmation available to be considered for warranty replacement. You must report missing pieces within 30 Days from date of purchase.
