Cutter®

Natural

BUG CONTROL
SPRAY CONCENTRATE

STOP READ ENTIRE LABEL BEFORE USE.

Spray On Lawns To Kill Mosquitoes, Flies,
Ants** & Other Lawn-invading Insects.

Cutter® Natural is a line of insect repellents that are safe for use around children and pets. The formulas, made with natural active ingredients, have been tested to ensure they are effective against mosquitoes and other insects.

Cutter Natural – repelling insects the natural way.

DIRECTIONS FOR USE

Kills: Ants (carpenter and harvester), crickets, fleas, German cockroaches, houseflies and mosquitoes.

USING THE READY SPRAY NOZZLE

- 1 Shake container well before using.
- 2 Connect a garden hose to the Ready Spray nozzle. Make sure the dial on the nozzle is in the "OFF" position with the safety tab in the valve notch.
- 3 Turn on water at faucet. Extend hose to the farthest area to be treated and work back toward the faucet so you don't come in contact with the treated area.
- 4 To BEGIN spraying, point nozzle toward treatment site, bend the safety tab back (located at right of dial) with your thumb and hold while turning dial clockwise until it stops. Water will automatically mix with the product.
- 5 Spray until wet to control insects. Walk at a steady pace while spraying using an even sweeping motion, slightly overlapping treated areas.
- 6 To STOP spraying, QUICKLY turn the dial counterclockwise until it stops and the safety tab engages into the notch on the valve. Turn water off at faucet. To relieve pressure before removing nozzle from hose, bend the safety tab back and turn dial "ON" until water stops spraying.
- 7 To STORE unused product, make sure the dial is in the "OFF" position with the safety tab in the valve notch. Place in cool area away from heat, sunlight or open flame.

OUTDOOR USE: Before using product, remove debris and leaf litter from next to the foundation, cut back vegetation and branches that touch foundation, and move or rake back rocks, deep mulch or other potential pest harborage next to the foundation. Spray infested areas thoroughly. For ants, thoroughly wet hills and runways.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry place out of reach of children.

Container Disposal: If empty: Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. If partially filled: Call your solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS

Wash thoroughly with soap and water after handling.

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.
