Peel & Stick Starter Roll

Starter Strips Are One Of The Most Overlooked Parts Of A Quality Roofing System!

That's because some folks try to use a cut-up strip shingle as the "starter" course on the roof. Unfortunately, cut-up shingles may not have properly positioned adhesive to help reduce the risk of shingle blow-off. They also require cutting and fastening on the roof, which can be time consuming. GAF QuickStart® Peel & Stick Starter Roll includes:

- High-quality, properly positioned adhesive that tightly locks the shingles in place and helps prevent shingle blow-off
- Peel-and-stick design for fast and easy installation, eliminating the need for cutting and fastening starters on the roof

QuickStart® Peel & Stick Starter Roll is a key part of the GAF Lifetime Roofing System, and has even earned the prestigious Good Housekeeping Seal (applicable in the U.S. only; see reverse).

QUICKSTART[®]

Peel & Stick Starter Roll

Homeowner's Best Choice

- **Helps Prevent Shingle Blow-offs...** Factory-applied Dura Grip™ Adhesive helps to lock down shingles at the eaves and rake areas of the roof.
- **Looks Better...** Straighter roof edges and no messy black cement dripping onto your new white edge metal.
- **Potential Increased Wind Coverage...** GAF offers increased wind coverage on many GAF shingles when you use GAF starter strips and follow special installation requirements.*
- **Peace of Mind...** Eligible for a Lifetime Ltd. Warranty when installed on Lifetime shingle roofs.*

Professional's Best Choice

- **Fast Installation...** Peel-and-stick roll eliminates cutting and fastening starter strips on the roof.
- **Versatile...** Can be used with asphalt shingles having exposure of 6" (152 mm) or less.
- **Easy Alignment...** Special deck-side adhesive allows for one-time repositioning, while aggressively adhering over time.
- **Enhanced Performance...** Using starter strips at the eaves and rakes helps to prevent shingle blow-offs.

Product Specifications (Nom.)

Product Size 9' x 33' (228 mm x 10 m)

Surfacing: Mineral surface with factory-applied Dura Grip™ Adhesive

For use with most standard English and metric-sized asphalt shingles with exposure of 6" (152 mm) or less

- Florida Building Code approved
- Meets or exceeds the physical property requirements of ASTM D1970

* See *GAF Shingle & Accessory Ltd. Warranty* for complete coverage and restrictions. The word "Lifetime" refers to the length of coverage provided by the *GAF Shingle & Accessory Ltd. Warranty* and means as long as the original individual owner(s) of a single-family detached residence [or the second owner(s) in certain circumstances] owns the property where the shingles and accessories are installed. For owners/structures not meeting the above criteria, Lifetime coverage is not applicable. Lifetime Ltd. Warranty on accessories requires the use of at least three qualifying GAF accessories and the use of Lifetime Shingles.
