

DocaPole Dusting Kit Assembly Instructions

- 1. All attachments can be used by hand or with an extension pole with a standard ACME threaded tip.**
- 2. When using the Fan Duster or Microfiber Duster remember that you can bend the dusters to fit into hard to reach areas**
- 3. To attach to an extension pole, screw the female threaded end located at the base of all three dusters onto the male threaded tip of your extension pole**
- 4. Start dusting!**
