

Style: 87D4 Greenhouse

Assembly Instructions

CONTENTS

A	 Small Connector	8
B	 Large Connector	4
C	 Casters	4
D	 Small Cross Bar	8
E	 Medium Cross Bar	6
F	 Large Cross Bar	6
G	 Shelving	3
H	 Roof Arch	2
I	 Roof Connector	3

STEP-BY-STEP INSTRUCTIONS:

1. Use the large connector (B) and insert a large cross bar (F) in one end of the connector and insert a medium cross bar (E) into the other end. Connect each end of the cross bars to a large connector (F). Keep inserting the cross bars to form the base. (Fig. 1)
2. Insert the casters (C) into the bottom of the large connectors as shown. (Fig. 2)
3. Place the shelving rack (G) over the cross bars.
4. Place the small cross bars (D) into the top hole of the large connector (B). Place the small connector (A) on the top of the small cross bars (D).
5. Repeat step 1 using the large cross bar (F) and medium cross bar (E).
6. Insert the remaining small cross bar (D) and form the next layer.
7. Add the shelving rack (G) to all layers.
8. Insert the roof arch (H) to each side of the shelving. Fig. 3
9. Insert the roof connector (I) rods to the roof arch (H).
10. Pull the cover over the greenhouse.
