

Swash Quick Install Guide

Easily install the Swash yourself in under an hour on your existing toilet!

1

Remove your toilet seat and turn off the water

2

Connect the t-valve to the fill valve under your toilet

3

Reconnect the water supply line

4

Install the mounting plate and brackets

5

Connect the bidet hose to the Swash, slide the Swash onto the mounting plate

6

Connect the bidet hose to the t-valve, turn on the water, plug in the power cord
