

7043 Park Avenue Tile

Dec 7, 2011

Modular

Carpet tile has great flexibility in design by mixing colors and patterns you can create your own unique look. Tile is easy to handle and can be installed in stages minimizing renovation downtime. Maintenance or repairs are simple, if a spill occurs the affected tile can be removed and cleaned or simply replaced if damaged, rather than replacing the entire floor.

Stain Proof – No Exceptions™

This carpet is stain proof - ideal for environments with frequent spills including corridors, rental units and hospitality spaces.

The natural characteristics of geometric or linear patterns in carpet tile can result in double-dark or double-light lines at the seam and to some degree a pattern run-off or bias. This is not a manufacturing defect. These characteristics should always be taken into consideration when choosing the installation method of a modular carpet. *Percentages of recycled content are accurate at date of printing. The availability of these inputs may fluctuate.
