

Guardzilla®

Outdoor Wireless Camera First Time Setup

iPhone™ and Android™ Users

DEVICE PREPARATION

- 1 Things you'll need: The Guardzilla camera, your smartphone, your home Wi-Fi password, the email address and mobile phone # you want to connect to Guardzilla.
- 2 Download the Guardzilla app from the App Store on your iPhone or Android device.
- 3 Unpack your Guardzilla Outdoor Camera and either install AA batteries or plug in the power. **NOTE: Remove batteries if using the power cord. The camera is ready for setup when the LED light on the front of the camera is blinking red.**
- 4 Launch the app once the camera is blinking red.

APP SETUP

<p>This guide will assist with setup up your Guardzilla Outdoor camera for the first time. Press NEW USER SETUP.</p> <p>1</p>	<p>Connect your phone to your home Wi-Fi by following the 5 steps on the screen.</p> <p>8</p>
