Smart Bidet Install Guide

Easily install the smart bidet by yourself!

1. Remove the existing toilet seat.
   - Unfasten the nut and remove the toilet seat.
   - Save the old toilet seat lid and nuts for reinstallation later.

2. Separate water supply hose.
   - Turn the water supply valve clockwise to lock, and separate the toilet hose using a spanner.

3. Connect the T-valve to the toilet and toilet hose
   - Place the T-valve between the toilet and the toilet hose.

4. Install the base bracket.
   - Align the front of the bidet body and the front of the toilet before fastening the nuts.
   - For this type of toilet:
     - Fixing bolt
     - Base bracket
     - Insert rubber nut
     - Screw M/S
     - Washer
     - Bolt bracket

5. Install the bidet and secure the remote control holder
   - Slide the bidet and install it.
   - Secure the remote control holder to the wall with screws or peel off the double-sided tape sticker on the back of the remote.

6. Connect the hose and turn on the water
   - Connect the hose to the T-valve and the bidet
   - Turn the water supply valve counterclockwise to allow water flow
   - Connect the outlet
