## PROPER CARE INSTRUCTIONS

If left untreated, wood will naturally weather. During long periods of non-use, store furniture or cooler in covered and dry place. For the least maintenance, place your furniture, cooler, or accessory under a covered area.

To preserve and maintain the original finish of Char-log/ Aspen log furniture, we recommend that a light lacquer coating be applied every 4 to 6 months depending on the seasons.

We recommended an exterior poly-urethane product that features a clear satin or semi-gloss finish and a fast drying process.

Customer Service may be reached Monday through Friday from 9:00a.m. to 5:00p.m. CST.
