Specifications

- Cuts aluminum, PVC and plastic tubing
- Features 24-teeth per inch
- Durable heat-treated carbon steel
- Easy to replace
- Set includes five 6 in. long blades with pinned ends

Product Overview

Husky's 6 in. Hacksaw Replacement Blades are durable; made from heat-treated, high-quality carbon steel for a long lifespan. Featuring 24-teeth per inch, they are designed to cut aluminum, PVC and plastic tubes. Set includes five 6 in. long blades with pinned ends.

Use with the Husky Mini Hacksaw (1003099585) and other 6 in. saws

Operating Instructions

To replace blade or adjust tension, turn wing nut counterclockwise to loosen, clockwise to tighten.

Blade replacement:

1. Carefully remove blade from channel. Insert new blade with teeth angled toward the handle.
2. Re-tighten wing nut.
