- 1/2 in. x 50 ft. rust resistant, high-carbon round diameter spring steel wire
- Galvanized steel handle with easy spin grips
- Large ergonomic grip handles for added comfort
- Durable construction

Product Overview

Designed for most small household drains, the Husky 1/2 in. x 50 ft. drain auger features a high-quality spring wire for excellent flexibility in tight bends.

The design provides maximum thrusting action, even through strainer crossbars.

Can be used to clear most household drains that range from 2 in. to 4 in.

Operating Instructions

1. For use to clear 2in. - 4in. drain lines.
2. Feed boring head end of cable into the drain to reach blockage.
3. Fully unscrew wing nut on handle to enable cable to be inserted.
4. Insert other end of the cable into the handle and screw down wing nut to lock cable in place.
5. Spin handle and cable in circular direction to dislodge debris.
