

We pride ourselves on quality and customer satisfaction.

FROM OUR FAMILY TO YOURS.

We hope you enjoy your American Made Rayne Mirror.

HOW TO HANG YOUR MIRROR:

First, determine if vertical or horizontal orientation is desired. Then remove cleat(s) that will not be used. These will be the cleat(s) you install on your wall. Using a 3/16" drill bit, drill holes in the wall for the provided anchors to sit, making sure to level as you go. Next, use screws provided to secure the cleat(s) to the wall with the opening up. Finally, interlock the cleat(s) on the back of your mirror with the cleat(s) you have installed on the wall. *Follow this process to hang your Rayne Blackboard, Whiteboard, or Picture Frame as well.

TO CARE FOR YOUR MIRROR OR PICTURE FRAME:

Dust frequently using a clean, dusting cloth that will attract and hold dust particles. Do not use liquid or abrasive cleaners as they may damage the finish. Use of liquid cleaners on your mirror voids Lifetime Warranty.

TO CARE FOR YOUR BLACKBOARD/WHITEBOARD:

Only use dry-erase markers meant for whiteboards.

Dust frequently using a clean, dusting cloth that will attract and hold dust particles. Periodically, wipe writing surface with a slightly damp cloth to remove residue. Do not use liquid or abrasive cleaners as they may damage the finish of the frame. Use of liquid cleaners voids Lifetime Warranty.

THANK YOU
