

Sunset Trellis

Assembly Diagram

Parts List

- 1 Top Section of Trellis
- 1 Bottom Section of Trellis
- 10 Screws
- 2 Eyescrews
- 2 Hooks
- 4 Stakes

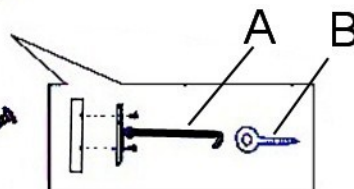

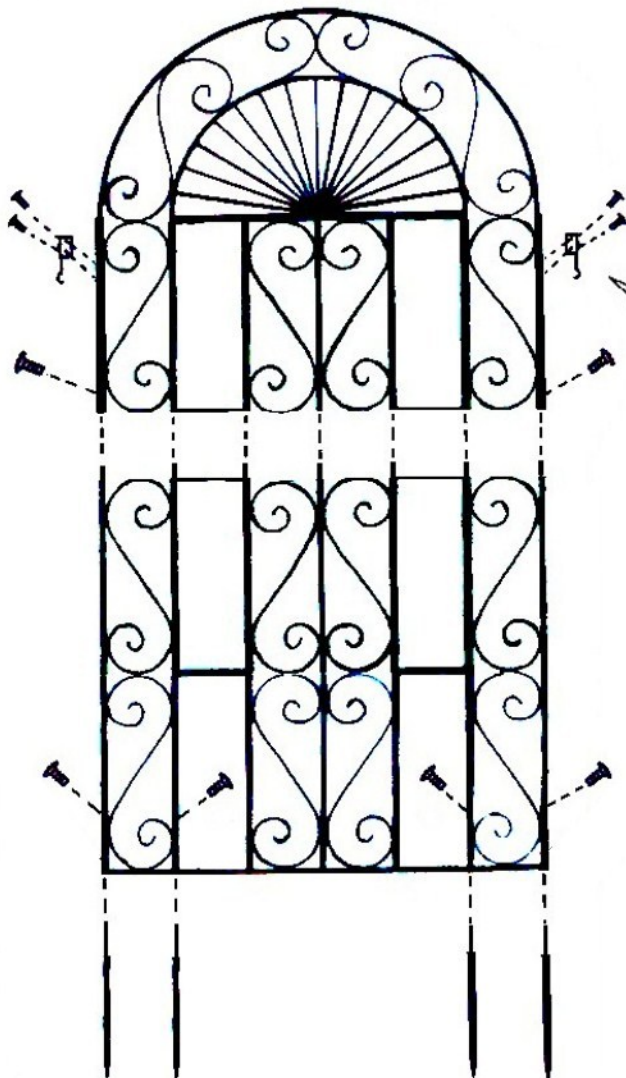

**WARNING: Small Parts
CHOKING HAZARD**
Not for children under 3 years old

Step 1 Connect Trellis Sections

Insert the pins of the Bottom Section into the holes in the Top Section.
Attach with 2 screws and tighten firmly.

Step 2

Insert the Stakes in the bottom of trellis
Attach with 1 screws each and tighten firmly.

Optional Added Support

If trellis will be used against a wall or fence

Step A

Attach the 2 Hooks (A) to the back of the Trellis with Small Screws provided.

Note: Be sure to have hooks pointing toward bottom of trellis.

Step B

Choose your set-up location (approx. 4" away from a wall or fence). With the Hooks facing the wall or fence, push the assembled Trellis into the ground to the desired depth.

Step C

Inserting the 2 Eyescrews in Wall or Fence

Hold one Hook (A) in position against the wall or fence and make a mark where the Eyescrew will be installed.

Drill a small pilot hole.

Screw the Eyescrew (B) all the way in.

Repeat on the other side.
