1. PRODUCT AND COMPANY IDENTIFICATION

Product Name: WHITE SEAL ROOF COATING
Product Code: RC-865

Manufacturer
LANCO MFG.CORP.
URB. APONTE # 5
SAN LORENZO, PUERTO RICO, 00754
787-736-4221

24 HR. Emergency Telephone Number
CHEMTREC (US Transportation): 1 (800)424-9300
CHEMTREC (International Transportation): 1(703)527-3887

2. HAZARDS IDENTIFICATION

Classification (substance or mixture):
2 Category - Possible carcinogenicity (Titanium Dioxide)

GHS Label Elements:

Signal Word: Warning

Hazard Statements:
H351 Suspected of causing cancer.

Precautionary Statement:
No GHS precautionary statement

3. COMPOSITION/INFORMATION ON INGREDIENTS

* Toxic chemical subject to the reporting requirements of section 313 of Title III and of 40 CFR 372.

4. FIRST AID MEASURES

**Eyes:** In case of eye contact, flush with large amount of water for at least 15 minutes. Get medical assistant.

**Skin:** Immediately wash skin with soap and plenty of water. Get medical attention if irritation develops or persist.

**Ingestion:** Do not induce vomiting. Call a physician or poison control center immediately. Never give anything by mouth to an unconscious person.

**Inhalation:** If affected, remove from exposure. Restore breathing. Keep warm and quiet.

**Notes To Physician:** Summon professional firefighters. Use full protective equipment including self-contained breathing apparatus. Water spray may be ineffective. If water is used, fog nozzles are preferable.

5. FIREFIGHTING MEASURES

**Suitable Extinguishing Media:** Use an extinguishing agent suitable for the surrounding fire.
**Unsuitable Extinguishing Media:** None

**Specific Hazard In Case Of Fire:** Hazardous decomposition. May cause hazardous fumes when heated to decomposition. Fumes may contain carbon monoxide, carbon dioxide, oxides of nitrogen and oxides of metals listed in section 2.

**Special Protective Equipment And Precaution For Fire Fighters:** Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full-piece operated in positive pressure mode.

### 6. ACCIDENTAL RELEASE MEASURES

**Personal Precautions:** Avoid contact with skin, eyes and clothing. Ensure adequate ventilation.

**Environmental Precautions:** Do not allow spill to enter drains or waterways. Use good personal hygiene practices. Wash hands before eating, drinking, or smoking. Promptly remove soiled clothing and wash thoroughly before reuse.

**Method And Materials For Containment And Cleaning Up:** Eliminate ignition source, provide good ventilation, dike spill area and add absorbent earth or sawdust to spilled liquid. Thoroughly wet with water and mix.

Collect absorbent/absorbent water/spilled liquid mixture into metal containers and add enough water to cover. Consult local state and federal hazardous regulation before disposing into approved hazardous waste landfills. Obey relevant law.

### 7. HANDLING AND STORAGE

**Precaution For Safe Handling:** Avoid contact with skin, eyes and clothing. Avoid breathing vapors, spray mist or sanding dust. In case of insufficient ventilation, wear suitable respiratory equipment.

**Conditions For Safe Storage, Including Incompatibilities:** Handle containers carefully to prevent damage and spillage. Incompatible materials: Alkaline materials, strong acid and oxidizing materials.

Store in original containers at temperatures between 5 ºC and 25 ºC. Keep away from heat, sparks and open flame. Protect from freezing and direct sunlight. Keep containers tightly closed. Ensure that waste and contaminated materials are collected and removed from the work area as soon as possible in a suitably labeled container.

### 8. EXPOSURE CONTROLS\PERSONAL PROTECTION

**Engineering Controls:** Use appropriate engineering control such as process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits. Good general ventilation should be sufficient to control airborne levels. Where such system are not effective wear suitable personal protective equipment, which performs satisfactorily and meet OSHA or other recognized standards. Consult with local procedures for selection, training, inspection and maintenance of the personal protective equipment.

**Personal Protective Equipment:**

**Respiratory Protection:** In case of insufficient ventilation wear suitable respiratory equipment.

**Eyes Protection:** Safety glasses with side-shields.

**Skin Protection:** Chemical -resistance gloves and chemical goggles, face-shield and synthetic apron or coveralls should be used to prevent contact with eyes, skin or clothing.

**Work Hygienic Practices:** Ensure shower and eyewash station are available. Use good personal hygiene practices. Wash hand before eating, drinking. Promptly remove soiled clothing and wash thoroughly before reuse.

**Other Use Precautions:** None

**Comments:** No information available.

**9. PHYSICAL AND CHEMICAL PROPERTIES**

**Physical State:** Liquid

**Color:** White

**Flash Point And Method:** NA   Not applicable
Auto-Ignition Temperature: Not available
Boiling Point/Range: Not Available
Melting Point: Not available
Vapor Pressure: Not available
Vapor Density: Not available
Solubility in Water: Soluble in cold water.
Odor: Little or no odor
Upper /Lower Flammable Limits: Not applicable TO Not applicable
Relative Density (g/cm3): 1.3490
Evaporation Rate: Not available
Flammability (Solids, Gas): Not available
Partition Coefficient: Not available
pH: 8.25 to 9.5
Decomposition Temperature: Not available
Coating VOC (gm/l): 79
Material VOC (gm/l): 39

10. STABILITY AND REACTIVITY

Chemical Stability: Stable
Possibility Of Hazardous Reactions: None under normal condition of use.
Conditions To Avoid: Poor ventilation.
Materials To Avoid: Keep away from the following materials to prevent strong exothermic reaction: oxidizing agents, strong alkalis, strong acids.

Hazardous Decomposition Products: Decomposition products may include the following materials: carbon monoxide, carbon dioxide, smoke, oxides of nitrogen.

11. TOXICOLOGICAL INFORMATION
**Signs And Symptoms Of Overexposure:** No information available.

**Acute Effects:**

- **Eye Contact:** No information available.
- **Skin Contact:** No information available.
- **Inhalation:** No information available.
- **Ingestion:** No information available.
- **Target Organ:** No information available.

**Chronic Effects:** No information available.

**Toxicity Values:** The acute effects of this product have not been tested. Data on individual components are tabulated below.

### TOXICOLOGICAL INFORMATION

**Titanium Dioxide (13463-67-7)**

### 12. ECOLOGICAL INFORMATION

**Persistence And Degradability:** No information available.

**Bio-Accumulative Potential:** No information available.

**Mobility In Soil:** No information available.
**Other Adverse Effects:** No information available.

**Eco-toxicological Other Information:** No information available.

**ECOLOGICAL INFORMATION**

---

**13. DISPOSAL CONSIDERATIONS**

**Disposal Method:** Consult with the US EPA Guidelines listed in 40 CFR Part 261.3 for the classifications of hazardous waste prior to disposal. Furthermore, consult with your state and local waste requirements or guidelines, if applicable, to ensure compliance. Arrange disposal in accordance to the EPA and/or state and local guidelines.
