Remove all packaging materials and any labels or stickers from your grill. Be sure all parts (see **Features and Benefits**) have been included before discarding any packaging materials. You may want to keep the box and packing materials in the event that the unit has to be shipped in the future.

Before using your Cuisinart® Griddler® Deluxe for the first time, wipe the base, cover and controls with a damp cloth. Thoroughly clean cooking plates, drip tray and scraping tool; all are dishwasher safe. Refer to Assembly Instructions below for plate removal.

ASSEMBLY INSTRUCTIONS

Place base on a clean, flat surface where you intend to cook, with the controls directly in front of you.

To insert the cooking plates:

1. Choose the side(s) you intend to cook on. The two cooking plates each have two sides:
 - a. Grill side: ribbed surface intended for grilling steaks, hamburgers, chicken, seafood and vegetables. Also can be used for panini and other toasted sandwiches.
 - b. Griddle side: smooth surface intended for cooking bacon and eggs, pancakes and French toast. Also can be used for panini and other toasted sandwiches.

2. Locate the metal brackets at the back of the housing. Tilt the back end of the plate and line up the cutouts at the back of the plate with the metal brackets. Slide the plate underneath the brackets and push down the front end of the plate. It will snap into place. Insert the second plate into the upper housing as you did with the first plate.

3. Slide the drip tray into the base at the rear of the unit from the right side.

4. Plug the cord into a standard electrical outlet.
5. Just follow the instructions below to position the unit, and you're ready to cook!

GRIDDLER® DELUXE POSITIONS

STORAGE Position – Upper plate/cover rests flat on the lower plate/base and cover height adjuster is in Lock position.

PREHEAT Position – Upper plate/cover rests flat on the lower plate/base and cover height adjuster is in Unlock position.

OPEN COOKING Position –

To cook on lower plate only: Lift the handle so upper plate/cover is vertical. Plate does not “float” in this position.

CLOSED COOKING Position –

To Contact Grill or Panini Press: Start with unit in Open Cooking position. Lower top carefully until plate contacts food. Hinge will automatically release the plate, allowing it to “float” and rest evenly on food. If necessary, press down slightly on front of upper plate/cover wearing oven mitt to release hinge.

To Top Melt: Start with unit in Open Cooking position. Wearing an oven mitt, press down slightly on front of upper plate/cover to release hinge, allowing plate to “float.” Lower it to close to the

desired height, then slide the cover height adjuster into a notch to set the position.

FLAT COOKING Position – To cook on Full Grill, Full Griddle or Half Grill/Half Griddle: Upper plate/cover opens to lie flat, level with the lower plate/base.

To adjust to this position from the Preheat position, put on oven mitts, open unit and slide the hinge release lever up while pushing the handle back. The upper plate/cover will sit flat, resting on the handle.

To adjust to this position from Closed Cooking position, first close the unit, resting upper plate/cover flat on lower plate/base. You will hear the upper plate click into place. Open unit and slide the hinge release lever up while pushing the handle back. The upper plate/cover will sit flat, resting on the handle.

To adjust to this position from Open Cooking position, grasp handle and pull slightly forward, then slide the hinge release lever up while pushing the handle back. The upper plate/cover will sit flat, resting on the handle.

1. In a small saucepan, combine the soy sauce, mirin, brown sugar, garlic, ginger, zest, juice, sesame oil and scallion. Set over medium heat and bring to a boil. Allow to cook until mixture is reduced by about half and the liquid has become thick and syrupy – this should take around 20 minutes, depending on the stove being used. Set aside to cool slightly.
2. Fit the Griddle® Deluxe with the grill plates and preheat both plates to 400°F. While grill is preheating, season the salmon with the salt and brush with oil on both sides of the fish.
3. Place the salmon on the lower grill plate, flesh side down. Cook for 4 to 5 minutes, until the edges are cooked (interior of fish will only be cooked about halfway through at this point). Flip the fish and then brush with some of the reserved glaze. Using the cover height adjuster, carefully close the upper grill plate so the plate is just above the top of the fish, but not touching it. Grill until cooked through, an additional 4 to 5 minutes (flesh will flake away with a fork, but still be bright pink inside).
4. With about 1 minute remaining, open the grill and brush the top of the fish with more of the glaze and then flip to cook an additional minute. Remove and serve immediately, brushing with more glaze and sprinkling with the sesame seeds.

Garlic and Herb Marinated Lamb Chops

Pull out all the chops with this gourmet dish. These lamb chops make a great special-occasion dinner paired with grilled vegetables and potatoes.

Griddle® Deluxe Cooking Position: Flat

Plate Side: Grill

Makes 4 to 6 servings

1 to 2 garlic cloves, peeled and finely chopped

1 tablespoon fresh rosemary, chopped

¼ teaspoon freshly ground black pepper

¼ cup olive oil

1½ to 2 pounds loin lamb chops, approximately 6 chops

½ teaspoon kosher salt

1. Combine the garlic, rosemary, black pepper and olive oil in a medium stainless bowl. Place chops in marinade to coat all sides. Scrape out the remaining marinade with a rubber spatula and drizzle over the chops and refrigerate for up to 24 hours.

2. One hour before grilling, remove chops from refrigerator so they can come to room temperature.

3. Fit the Griddle® Deluxe with the grill plates and preheat both plates to 425°F. Then, set both plates to SEAR. Sprinkle salt on both sides of lamb chops.

4. When the unit has preheated, place the lamb chops evenly spaced across the lower plate. Using the cover height adjuster, carefully close the upper grill plate so the plate is just touching the top of the chops (this is so the juices are not pressed out of the lamb). Grill for two minutes on SEAR and then about 4 to 6 minutes on 425°F for medium rare.

Makes 4 servings

1 cup soy sauce, reduced sodium

¼ cup mirin (Japanese rice wine)

3 tablespoons packed light brown sugar

3 small garlic cloves, grated (will come to about 1 teaspoon after grating)

1 ½-inch piece fresh ginger, peeled and grated

¼ teaspoon kosher salt

Grilled Pork Chops, Cuban-Style

Latin flavors work well with pork. Be sure to get the thick-cut pork chops for the best flavor and don't overcook, which dries pork out.

Griddle® Deluxe Cooking Position: Closed
Plate Side: Grill

Makes 4 servings

4 thick-cut boneless pork chops, about 2½ pounds in total

¼ cup olive oil

½ teaspoon dried oregano

½ teaspoon ground cumin

¼ to ½ teaspoon kosher salt

pinch freshly ground black pepper

1. Put all of the ingredients in a shallow glass baking dish, turning chops to coat. Cover and marinate for 1 to 2 hours.

2. Once pork has marinated, fit the Griddle® Deluxe with the grill plates and preheat both plates to 425°F.

3. Place the chops on the preheated lower grill plate. Close the unit and using the cover height adjuster, adjust the upper plate so it is just resting on top of the chops. Grill for about 7 minutes, depending on thickness, or until the internal temperature registers 130°F.

4. Remove chops from grill and let rest until internal temperature is about 140°F.

Serving tips: These are great with spicy grilled potatoes and vegetables. Thinly sliced, they are perfect for our Cuban Sandwich on page 14.

3. Once the unit has preheated, place the potatoes on the hot griddle side and the onions on the hot grill side.

2. While the unit is preheating, put all of the “chips” ingredients into one mixing bowl and toss, and all of the onion rings ingredients into a separate bowl and toss.

Griddler® Deluxe Cooking Position: Flat

Plate Side: Grill

Makes 8 tacos

Fish:

1¼ pounds fish fillet (snapper or similar type fish), about 1-inch thick

¼ cup olive oil

3 tablespoons fresh lime juice

¼ teaspoon chili powder

½ teaspoon kosher salt

½ jalapeño, halved, seeded and thinly sliced

2 tablespoons chopped cilantro

Tacos:

2 cups shredded cabbage, about ¼ small to medium head

2 teaspoons vegetable oil

1¼ teaspoons kosher salt

pinch freshly ground black pepper

juice of one lime

1 tablespoon chopped fresh cilantro, plus more for serving

8 6-inch corn tortillas

½ avocado, sliced

hot sauce, to taste

lime wedges, for serving

- Put all of the fish ingredients in a shallow glass baking dish, turning fish once or twice to fully coat. Cover and marinate for about 30 minutes.

- While fish is marinating, put the shredded cabbage, oil, salt, pepper, lime juice and chopped cilantro in a mixing bowl. Toss to combine; reserve.

- When fish is just about done marinating, fit the Griddler® Deluxe with the grill plates and preheat both plates to 400°F.

- Remove fish from marinade, place on preheated grill plates and grill for 2 to 4 minutes on each side, depending on the thickness of the fish. Remove and reserve. Lower the temperature of both the upper and lower plates to Warm.

Assemble Tacos: Place tortillas on the grill plates to warm. Remove when warmed through and evenly divide the grilled fish among the tacos, topping them with the cabbage slaw, and then the avocado. Add a little hot sauce and a squeeze of lime.

1. Fit the Griddler® Deluxe with the grill plates and preheat both plates to 400°F.
2. While the grill is preheating, toss the onion, peppers and mushrooms with ½ teaspoon of the salt, ¼ teaspoon of the pepper and 2 tablespoons of the olive oil. Once grill is ready, place the vegetables on the lower grill plate. Close cover and grill until tender, about 10 minutes. Remove and reserve vegetables.
3. While vegetables are cooking, season chicken breasts on both sides with the remaining salt, pepper and oil. Once vegetables have been removed, place chicken breasts on the lower plate. Close cover and grill for about 7 to 9 minutes, or until chicken is cooked through. With about 1 to 2 minutes remaining, evenly divide the grilled vegetables onto the chicken, and then top with a slice of cheese. Using the cover height adjuster, close the upper plate so the hinge is set to the position where the upper grill plate is sitting just above the cheese but not touching it. Allow to cook until cheese is melted.
4. Using tongs or a heat-proof spatula, carefully remove the chicken and allow to rest for a few minutes.
5. While chicken is resting, place rolls, cut side down, on the hot grill. Close cover and grill for about 3 to 4 minutes to lightly toast.

1	medium yellow bell pepper, thinly sliced

NOTE: For toasted buns, halve the buns and grill in the Closed position, using the cover height adjuster so that the upper plate is just touching the tops of the buns. Grill for about 30 seconds right after finishing burgers.

5. Remove burgers and serve immediately.

1. Fit the Griddler® Deluxe with the grill plates and preheat both plates to 450°F.
2. Working the ground chuck as little as possible, mix in a large bowl with the salt, pepper and garlic powder. Shape into 6 patties, about 4 inches in diameter. The best way to do this is to use a 4-inch round cookie cutter. Divide meat equally into six portions, put each into the cookie cutter and gently press to evenly fill. All burgers should be the same thickness for optimal results. Use your thumb to press a dimple into the center of each patty.
3. When the unit has preheated, place the burgers on the lower grill plate, evenly spaced. Using the cover height adjuster, close the upper plate so the hinge is set to the position where the upper grill plate is just sitting on the burgers without pressing them.
4. Contact grill for 5 minutes for rare burgers (this will result in a medium-rare burger by the end of cooking). Then open the unit and top with the blue cheese, ½ tablespoon per burger. Setting the cover height adjuster, close the upper grill plate so it is sitting over the blue cheese but not touching it. Grill for an additional 2 minutes, or until the cheese is just melted.

6	hamburger buns, for serving
3	tablespoons crumbled blue cheese, divided
½	teaspoon garlic powder
¾	teaspoon freshly ground black pepper
1½	teaspoons kosher salt

1. In a medium to large bowl, mix the peppers, green onions, garlic, salt, egg, 1½ cups of the crabmeat and very gently mix all of the ingredients together (it is best to do this with clean hands to avoid over-mixing, but you can do it with a spoon if you are careful to keep the crabmeat intact).
3. Using your hands, shape the mixture into ¼-cup round cakes (no higher than ½-inch) and put them on a clean plate, separating the layers with wax paper. Cover with plastic and refrigerate for 1 hour before cooking (this helps keep the crab cakes together when cooking and melds the flavors).
4. Fit the Griddler® Deluxe with the griddle plates and preheat both plates to 400°F. Brush the plates with a little vegetable oil (this will help to crisp and lightly brown the crab cakes).
5. While the unit is preheating, lightly dredge the crab cakes in the remaining panko.
6. When the griddle is hot, cook the crab cakes in batches, approximately 8 minutes per side. Crab cakes should be a deep golden brown on both sides.
7. Serve immediately with lemon wedges.

- Pick through crabmeat to make sure there are no shells or cartilage, being careful not to tear the meat into small pieces. Reserve in refrigerator.

1	large red bell pepper, finely chopped
1	jalapeño, seeded and finely chopped

 - Soak half of the bread in the milk mixture, turning so both sides are saturated.

 - Remove and reserve the cooked French toast in a warm oven and then repeat with remaining soaked bread if necessary.
 - To serve, dust with confectioners' sugar and top with fresh fruit and maple syrup, if desired.
- *The French toast can also be cooked in the Closed griddle position. Preheat both plates to 350°F in the Closed position, put 2 to 4 pieces on the plate, depending on how many fit, and close the Griddler. Cooking time will be only about 2 to 3 minutes and you do not need to flip! Repeat with the remaining soaked bread.

RECIPES

Perfect Pancakes

This is a great all-purpose pancake recipe to have up your sleeve for breakfast next weekend. It can be dressed up by mixing in fresh or frozen fruit, or nuts and chocolate chips.

Griddle® Deluxe Cooking Position: Flat
Plate Side: Griddle

Makes about twelve 4-inch pancakes

- 2 large eggs
- ¾ cup reduced-fat milk
- ½ teaspoon pure vanilla extract
- 1 cup plus 2 tablespoons unbleached, all-purpose flour
- 1 tablespoon baking powder
- 1 tablespoon granulated sugar
- ½ teaspoon table salt
- 2 tablespoons unsalted butter, melted and cooled (plus more for griddle plates if desired)

1. Fit the Griddle® Deluxe with the griddle plates and preheat both plates to 400°F.

2. Put the eggs, milk and vanilla in a small bowl and whisk to blend until smooth; reserve. Combine flour, baking powder, sugar and salt in a medium bowl. Stir with a whisk to blend. Add the egg/milk mixture and stir until just blended. Stir in the melted, cooled butter. Do not over-mix, or pancakes will be thin and tough — batter should be a bit lumpy.

3. Using a ¼-cup measure, drop batter onto preheated griddle (if you like extra-buttery pancakes, put about ½ tablespoon of butter on each plate and melt before dropping batter on plates). Cook pancakes until bubbles form, about 2 to 3 minutes; flip and cook until done, about 2 minutes longer.

4. Transfer to warm plates to serve. As you finish each batch of pancakes, you can keep them warm on a wire rack placed on a baking sheet in a low oven (200°F). Repeat until all the batter is used.

Steak Chart

The SEAR function grills steaks to perfection. Here is a simple guide to cooking to your personal preference. We give instructions for grilling the steaks in the Closed position, but they can easily be done in the Open position as well - just flip the steaks halfway through. Remember to always monitor the temperature of your steaks to achieve desired doneness.

Preparation: Season to taste. Drain off marinade completely if marinated before grilling. Bring to room temperature for best results.

Steak Tips

- Allow steaks to sit at room temperature at least 15 minutes before grilling.
- Allow steaks to rest at 5 minutes after grilling so juices are able to redistribute before cutting. Otherwise all of that delicious juice will be on your plate and not in your steak.
- For the larger 2-inch steaks grill all 4 surfaces for even cooking.

Cooking Guide and Food Temperature Chart

Food	Preparation	Plate and Position	Suggested Grilling Temperatures and Times
Bacon	Place in a single layer.	Grill or Griddle; Flat or Open	Place bacon on cold plates. Turn to 450°F. Cook until desired doneness. Should take about 20 to 25 minutes for 1 pound of bacon (if using the Flat position).
Beef, boneless steak (refer to the Steak Chart for specific times and temperatures)	Up to 2 inches thick. Season to taste. Drain off marinade completely if marinated before grilling. Allow to come to room temperature for best results.	Grill; Closed, Open or Flat	When cooking in the Open or Flat positions, preheat to 450°F. Put the steaks on the preheated grill plates. Cook for about 4 to 6 minutes per side, depending on the thickness of the steaks and desired doneness. Rest for 5 minutes before serving. Sear for 2 minutes, then the grill will revert to 450°F, so it is just sitting on top of the steak, but not pressing it. Cook for 2 to 5 minutes, depending on thickness and desired doneness. Rest for 5 minutes before serving.
Chicken Breasts (boneless)	Pound to an even thickness of no more than 1 inch.	Grill; Closed	Preheat to 400°F. Cook for 7 to 9 minutes. (Internal temperature should be 165°F - juices will run clear with no signs of pink.)
Chicken Thighs (boneless)	Spread to even thickness.	Grill; Closed	Preheat to 400°F. Cook for 8 to 10 minutes. (Internal temperature should be 170°F - juices will run clear with no signs of pink.)
Fish Steaks (sword, tuna, salmon/boned)	No more than 1 to 2 inches thick.	Grill; Closed, Open or Flat	Preheat to 400°F. Cook for 6½ to 7 minutes when grilling in the Closed position. 7 to 12 minutes in the Flat position, flipping halfway through. Timing depends on the firmness of the fish.
Beef, hamburgers	Shape meat into burgers of even weight and thickness.	Grill; Closed (with cover height adjuster)	Preheat to 450°F. Put the burgers on the preheated lower grill plate. Using the cover height adjuster, set the upper plate so it is just sitting on top of the burgers, but not pressing them. Grill burgers for about 4 to 6 minutes, depending on thickness and desired doneness.
Beef, cheeseburgers	Shape meat into burgers of even weight and thickness.	Grill; Closed (with cover height adjuster)	Same as above, but once burger is nearly cooked, with about 1½ minutes remaining (it is helpful to use the timer with this recipe), carefully open upper plate, place piece of cheese on top of burgers, and then using the cover height adjuster, close upper plate so that it is sitting right above the top of the cheeseburger, not touching it. Cook until cheese is just melted.
Sausages, fresh	Prick links with tines of fork or tip of paring knife.	Grill or Griddle; Closed	Preheat to 450°F. Put the links on the preheated grill/griddle plates - the grill ribs are perfect for holding the links in place, and allow for easy turning for even cooking. Close the top. Grill for about 12 minutes (turning halfway through) depending on the thickness of the sausages.
Panini (see Sandwich Chart for delicious fillings)	Brush tops and bottoms of bread with oil before grilling.	Grill or Griddle; Closed	Preheat both plates to 400°F.
