

PRODIGY

Installation Manual

P700 / P770

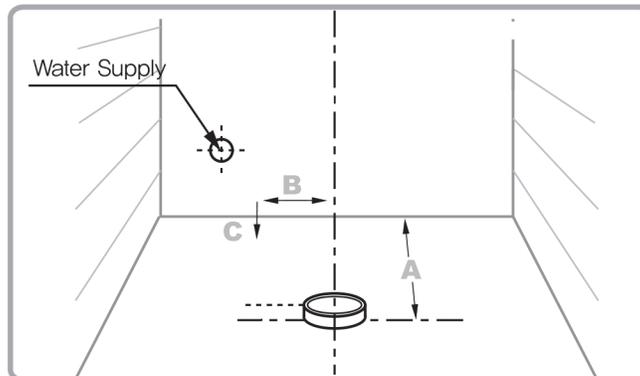

- Please read this manual carefully for proper installation.

PRODIGY INSTALLATION MANUAL

A Before Installing

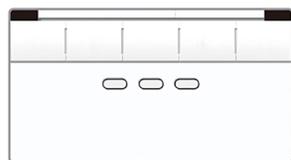

- Confirm the compatibility of your bathroom using the dimensions below:

- A** - Rough-In
- B** - Shutoff Valve Distance
- C** - Shutoff Valve Length

You may reference the included template if your previous toilet is already uninstalled.

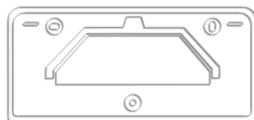

B Parts List

Remote

Wax Ring

Wall Mount

Conversion Nut
(optional)

AA Batteries (x3)

Screws (x3)

Anchors (x3)

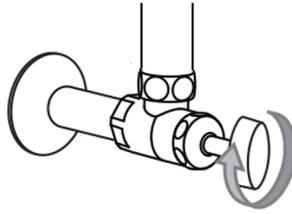

Hose

PRODIGY INSTALLATION MANUAL

1 Remove Existing Toilet

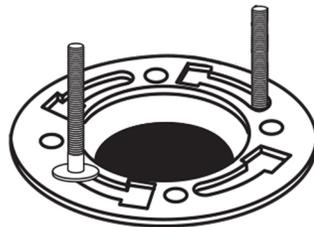

- Close the water shutoff valve and flush the toilet.

- Disconnect the existing water hose and unscrew the flange bolts.

- Remove the toilet and wax ring, leaving the exposed trap (pictured below).

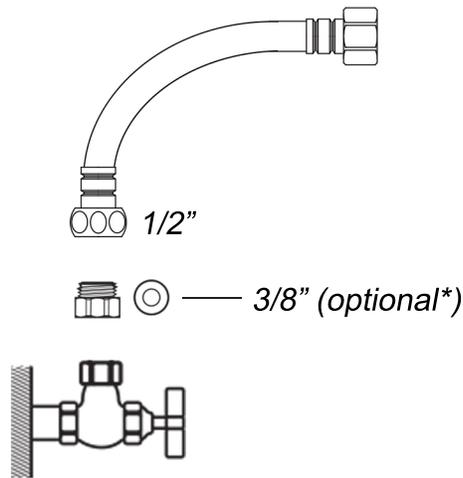

**If you are not immediately installing the Prodigy, cover the exposed trap to eliminate any fumes.*

PRODIGY INSTALLATION MANUAL

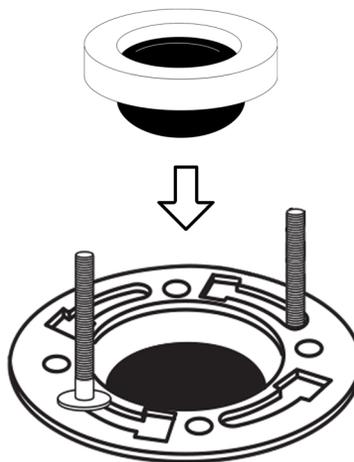

2 Install Prodigy Base

- Attach the provided water hose to your water shutoff valve.

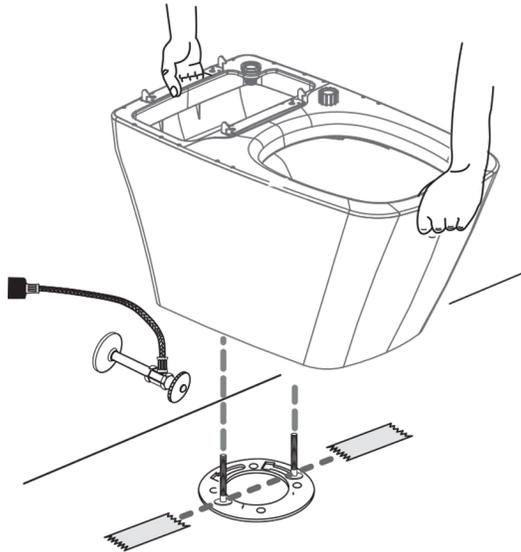

**You may need to use the included conversion nut to fit your water shutoff valve. Simply screw the conversion nut into the 1/2" side of the hose before connecting it to your water shutoff valve.*

- Apply the new wax ring to the exposed trap.

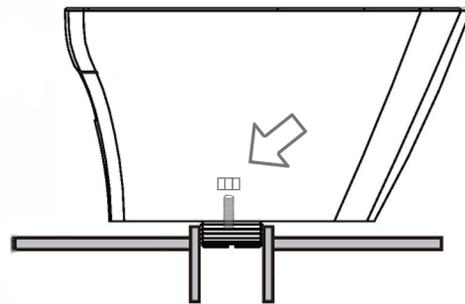

PRODIGY INSTALLATION MANUAL

- Line up the toilet base over the flange screws. Place the toilet base and re-secure the flange bolts.

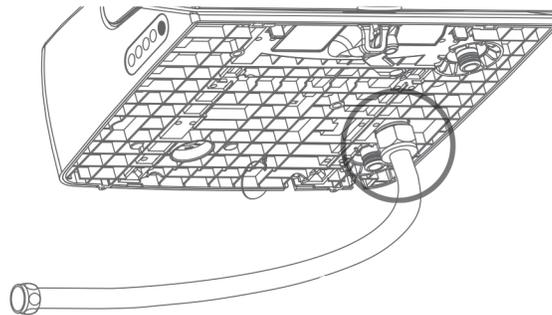

**Two people are recommended for properly placing the toilet base.*

3

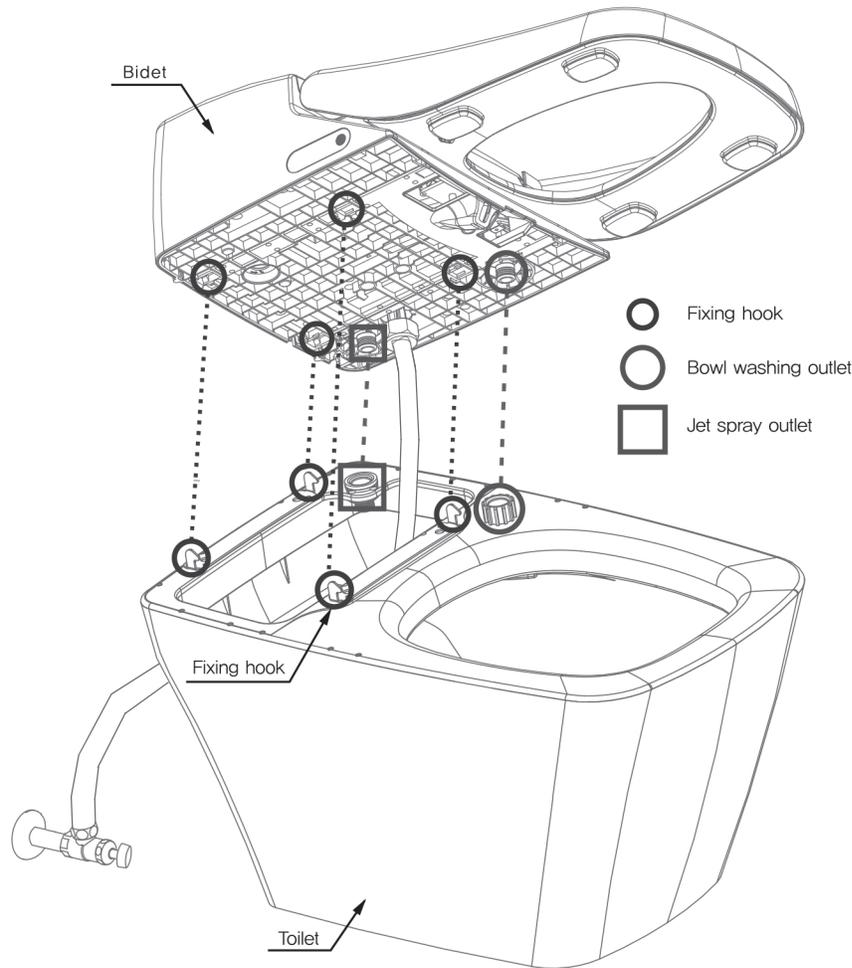

Attach Bidet Seat

- Feed the water hose through the back of the toilet base and attach it to the underside of the bidet seat.

PRODIGY INSTALLATION MANUAL

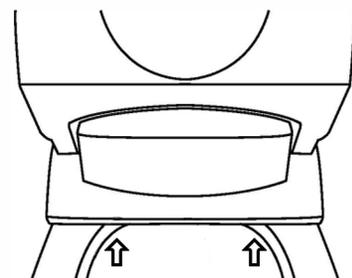

- Attach the bidet seat to the toilet base by lining up the mounting hooks and pressing down until you hear a “click”.

**Do not use excessive force when attaching the bidet seat to the toilet base.*

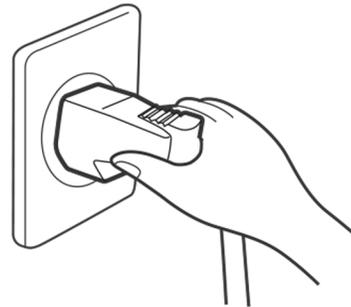

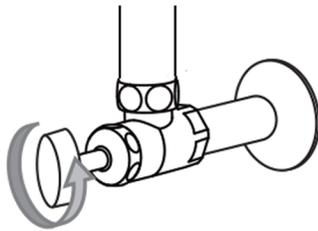

REMOVING THE BIDET SEAT

The bidet seat can be removed by pulling the tabs beneath the unit forward and lifting up.

PRODIGY INSTALLATION MANUAL

- Open the water shutoff valve.
- Plug in the power cord.

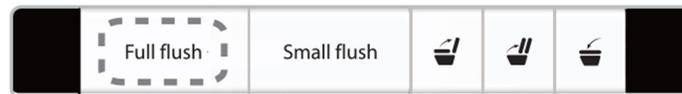

**The Prodigy must be plugged into a properly installed and grounded outlet.*

- Insert the included batteries into the remote control and flush the toilet.
