

## FT3 Step Stools

### ANSI Type II 225 lbs

The **Xtend+Climb® Ultralight FT3 Step Stool** is the lightest 3 step stool that you will encounter on the market. Designed for homeowners, The Ultralight FT series is crafted with high quality lightweight aluminum and features a clean design that looks great in any home. Along with its sleek profile, the **FT3** features a large top step which stands at 32 inches and is a handle which gives the user a stable reach height that is equivalent to that of a 4.5 foot step ladder.

The **FT3** is one of the more versatile of our Ultralight FT series as it provides just the right amount of height to do pretty much anything around the house. In fact, given the thin profile, lightweight, and sleek design, we have found that customers typically buy an **FT3** for numerous rooms around the house. Its range of practicality is undeniable, and weighing in at only 4.85 pounds, it's easy for every family member to use.

- Extra wide top step and safety bar for stability
- Ultralight and folds thin for portability and easy storage
- Great for multiple rooms around the house
- Sleek design with industrial grade aluminum for strength and quality
