

Dust Containment Systems

MID-SIZE VACUUM

BDC-1216

The Blastrac BDC-1216 has been designed for the tough conditions of concrete dust collection and built for multi-purpose use, from hand grinders and crack chasers, to small and medium grinding and polishing machines. Its superior filter system reduces airborne dust and particulate to provide a cleaner work environment.

This tough, industrial grade vacuum has a pressure molded, resin-reinforced plastic body that won't rust or dent. The compact, vertical profile maneuvers easily with large wheels and 2 swivel/locking casters. Its large, pleated filter media is easily accessible and features a spring-loaded manual shaker for extended use, without exposing the operator to harmful dust or contaminants. The easy-release dust pan quickly dismounts with a single foot action and features a 10.5 gallon disposal capacity.

Operating on 110 volts, the dual-motor system produces a maximum air flow of 184 cfm, a maximum static pressure of 80 in H₂O, and has a noise rating of only 76 dB. The motor and filter assembly of the vacuum are well protected for long life. For more stringent requirements, a HEPA filter is an available option.

The manageable BDC-1216 is an economical solution for providing virtually dust-free operation to small and medium surface-prep machines.

Motor/filter unit easily detaches.

SPECIFICATIONS:

- Static Pressure:** Maximum 80 in H₂O
- Air Flow:** 184 cfm maximum
- Dust Bin Capacity:** 10.5 gal/100 lbs (45kg)
- Voltage:** 120V, 1ø, 60 Hz
- Amperage:** 13A
- Power Cord:** 28 ft. (8.5m)
- Dust Hose Connection:** 2 in. (51mm)
- Dimensions:**
L 25 in. x W 22.5 in. x H 40 in.
(635mm x 572mm x 1016mm)
- Weight:** Net 88 lbs (40kg)

FEATURES AND BENEFITS:

- Compact unit is easy to maneuver
- Large filtration surface area with 16 sq. ft. (1.5 sq.m)
- Quick-release dust bin
- Maintenance friendly design
- Durable resin-reinforced plastic construction
- Dual-motor design
- Offers virtually dust-free operation for most small to medium grinders and polishers
- HEPA filter available
