LOCTITE

MULTI-PURPOSE

DESIGNED FOR COMMON
HOUSEHOLD REPAIRS/PROJECTS

Why Use Multi-Purpose?

Multipurpose adhesives pick up where super glues leave off:

- Don't set as fast as super glue allowing for additional repositioning and working time.
- Larger surfaces and projects.
- Medium gap filling.

Common Projects

**Household
Repairs**

Construction

Remodeling

**Heat
Resistant**

Guide

CONTACT ADHESIVES - All-purpose adhesives for a wide range of applications and substrates.

SOLVENT - Cures via evaporation (use in well ventilated area). Offers a strong final bond and works with most substrates.

ADHESIVE PUTTY - Removable adhesives designed to replace tape & tacks. Non toxic.

POLYURETHANE - Moisture cure adhesive with long working time. Expands as it cures and must be clamped. Strong final bond.
