Installation

PREPARING FOR INSTALLATION

☐ Place bracket on the shade by putting bolt through slot on top of shade. Secure and tighten the bracket using a wing nut. (Fig.A)

☐ Brackets can be mounted behind shade (Fig.A) or brackets can be mounted to the side of shade (Fig.B)
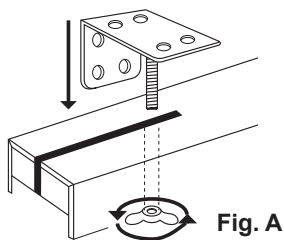

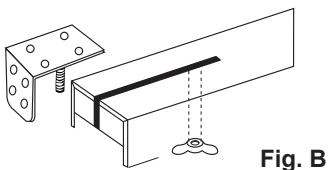

Fig. A

Fig. B

2 POSITION SHADE

☐ With brackets attached to the shade, hold the shade against the window where the shade will be mounted. Mark position of brackets with a pencil. Remove brackets from shade.

3 INSTALL BRACKETS

☐ Place brackets at pencil marks. Predrill small holes for screws. Brackets may be mounted to ceiling (Fig.C) or to wall (Fig.D). Screw brackets into place.
