

Assembly instructions for Picnic Benches

Step 1.- Locate Seating, 2 (A shaped) Legs and 2 support piece. As well as, hardware kit. (Screws, bolts, etc).

Step 2.- Position legs into its place at the sides of the seating, and introduce carriage bolts & screws to tighten them together.

Step 3.- Finally, place the Support pieces into place, and introduce the wood screws to tighten. (note: holes are pre-drilled, be careful in this step)

Note: align using the numbers printed on each part and use the following pictures for support.

8 Wood galvanized screws will be wrapped in plastic for each bench.
😊
