

THE RIGHT CHOICE  
*for all*  
THE RIGHT REASONS

Countertops aren't something you buy every day. So you want to ensure you get exceptional beauty, craftsmanship, and performance with superior durability to take the bumps and bruises of everyday living and still look beautiful for years to come. For these reasons, and the peace of mind that comes with a Full Lifetime Warranty, Cambria® is the best choice for your home.

NADENBROOK™

The Cambria® Advantage

Quartz surfaces with exceptional beauty, durability, and easy-care convenience.

HAWKRIDGE™

CHATSWORTH™

## LEGENDARY CRAFTSMANSHIP

Cambria® is American made by a family-owned company in Minnesota where exceptional craftsmanship, hard work, and a relentless commitment to the highest quality are the cornerstones for everything we do. Every Cambria surface begins with the purest natural quartz. This enables us to create breathtaking designs with exquisite depth and clarity.

## OBSESSION BY DESIGN

Cambria never needs sealing, polishing, or reconditioning and cleans up with just soap and water for easy-care convenience. Cambria is also completely nonabsorbent, which makes it extremely stain resistant. This also prevents harmful bacteria from penetrating below the surface making Cambria countertops ideal for food prep areas. And because Cambria is made of quartz, one of the hardest minerals on Earth, it has exceptional strength to resist chips and scratching in even the busiest locations—like your kitchen or bath.

## THE ART OF LIVING

Cambria comes with a transferable Full Lifetime Warranty. Should you sell your house, the lifetime coverage is passed on to the new owner. Having a warranty this strong can add to the property value of your home. To help you with any questions you may have, the Cambria Customer Care team is conveniently located in Minnesota. Like everyone else at Cambria, their goal is total satisfaction before, during, and after you purchase your Cambria.

# Get started today!

To bring your new Cambria kitchen or bath to life, follow these steps:

1

## CONSULT WITH A DESIGNER

Schedule a complimentary appointment to discuss your project with a design expert

2

## SELECT YOUR CAMBRIA

Choose the perfect Cambria design that's right for you and your space

3

## MEASURE TO FIT

Authorized professionals will come to your home to measure and ensure a perfect fit

4

## DELIVER & INSTALL

Once your countertop is ready, installation in your home will be scheduled at your convenience

# Select your perfect Cambria® quartz design
